Thos. N. Herring, Local Manager

Cameron, Texas, January 9, 1919

Apologists for the kaiser are now saying he is and always has been afflicted with insanity. So was Herod, Nero, Abdul Azziz, et al.

We all believe in the "eternal fitness of things," but there's no use in throwing a fit when things don't fit, as you are not fit when you throw a fit.

Pink Gresham is entitled to the credit of giving, in the Pythian Knight, the most complete and exhaustive account of the meeting of the editorial veterans at Rockport. Pink told it all.

The best statistics obtainable say that approximately half a million people have died of the flu, and the disease is still claiming victims. Take every precaution to escape it, and don't be deceived in the idea that you can't have it twice. This is not to frighten you, but to make you careful.

George Robinson asks in the Waco Times-Herald: "Why not put some of our surplus cash into small factories already under way?" "Our" surplus cash sounds just a little queer to us. If you are speaking of your surplus cash, George, all right; stick it into any old factory, large or small. As

for our surplus cash, it wasn't quite enough to pay for all the capital stock in a pair of shoes recently purchased.

Germany surrendered a fleet of war and other vessels worth way up in the millions. Fear that the victorious allies might fall out over a division of the spoils caused the foolish suggestion that all German ships surrendered be sunk. This would be such a rank piece of foolishness that the very monkeys of Africa would grin in derision. Those ships are worth as much, in times of peace at least, to the allies as they were to the Germans. As to quarreling over the spoils, no one nation of the allies will be allowed to hog more than a just share.

The teachers' institute at Dallas passed a resolution to petition the legislature to pass a law providing that county superintendents of schools be elected by the board of education. Commenting on this, John E. Davis, representative from Dallas county, says in his paper, the Mesquite Messenger: "The passage of this bill is being urged by most of the teachers, who sincerely believe, we are sure, that a small body of men whose business it is to make a special study of school affairs can and will exercise better judgment (than the people) in the selection of a county superintendent." Admitting that such a bill would have passed two years ago but for his vote in the thirty-fifth legislature, Mr. Davis goes on to say: "I oppose this bill because it proposes to take the power away from the people and place it in the hands of a few. I believe in the right of the people to rule and am willing to trust them, though they sometimes make mistakes. Boards do too, for that matter." We have not studied this bill closely, nor heard any arguments pro or con; but the right of the people to rule is one of the basic principles of democracy. When you take away one of the foundation stones upon which a building rests you necessarily weaken the edifice. To place too much power in the hands of the few is a dangerous experiment. Germany tried it, and Germany is—John, we reckon you are about right.

In nearly all the industrial establishments in England where women are employed there are women police forces.

The Time-Losers.

Albany News: Whether we have good roads or not, we pay for them just the same. The roads are fierce now, and all traffic is at a standstill. A man with a team or a truck will lose a whole week on account of bad roads, and his loss in those six days will amount to as much or more than he would pay on a \$100,000 bond issue in forty years.

As a rule the bad roads advocate considers his time worth but very little, and very often he is right. But impassable roads are exceedingly expensive to those whose time is valuable and who need to use the roads. Much of the west was settled by families moving from the East and making their way along dim trails, or without even that advantage. But those hardy immigrants had a lifetime in which to get wherever they were going. Also they knew that after they got to where they started, probably they would go on still farther. Conditions which may have suited a movable frontier settlement do not necessarily suffice for a settled and stable community today. Towns and counties which remain shut in through the winter months, for lack of negotiable roads, lose nearly half the year. Such loss of time, as above set out, may be of little consequence to those who would utilize it to no purpose, but it is a severe strain upon the active population, mentally as well as financially. If Shackelford County doesn't use some of its oil money with which to build modern roads it may confidently expect its oilmen to get away as soon as possible and locate where they can move around freely.

Paint All Buildings.

It has always been profitable to spend money in painting farm buildings but it will now pay better than ever before.

Building material is more costly than has ever been the case in the history of our nation; and skilled workmen are also expensive and hard to get. There is also little chance of labor and building material becoming much cheaper, so buildings already erected or in the course of construction should be preserved by a coat of good paint.

In winter is a good time to do such painting for two reasons. First, there are no bugs and gnats and dust in the air to collect on the sticky paint before it dries. Second, the farmer and his help have little to do at this season and can take care of the work with almost no outside help.

Let's not delay painting the exposed buildings any longer.—The Progressive Farmer.

Mr. McAdoo has made an elaborate argument in favor of government retention of the railroads until 1924. At the end of that time, we take it, he thinks the success of the undertaking would be clearly demonstrated and then an indefinite extension of the control. Our guess is that Mr. McAdoo has fired the opening gun in the presidential campaign, with the railroads the paramount issue. More and more does it look as if McAdoo and Borah would face each other in next year's contest unless, of course, there is a wave of enthusiasm for Pershing that will upset all calculations.—Waco Times-Herald.

Tonnage Built in 1918 Was 2,721,281

American shipyards built 1882 vessels of 2,721,281 gross tons during 1918. Reports of the bureau of navigation of the commerce department made public show this total, of which all but 124,000 tons represented sea-going ships, the sea-going steel tonnage alone aggregating 1,861,321 gross tons.

The bureau's figures for 1917 construction show that 1,034,000 gross tons were constructed by American shipyards.

November was the month of greatest construction in the history of American shipbuilding, 171 vessels of 357,660 gross tons of sea-going ships being produced. In December the bureau reports only 153 ships were completed of 283,359 tons.

Approximately 600,000 women were allowed to participate in the recent elections held in England.

A Tonic Laxative

that will remove the bile from the liver and cleanse the system THOROUGHLY without griping or disturbing the stomach is truly a Perfect Laxative.

LAX-FOS WITH PEPSIN

is the name of a Reliable and Perfect Laxative which soon relieves Sick Headache, Dizziness, Indigestion, Stomach Trouble, Gas and Piles caused by a Torpid Liver and Constipation. Always use a Reliable Laxative in the treatment of Colds, Grip and Influenza.

LAX-FOS WITH PEPSIN is a Liquid Digestive Tonic Laxative excellent in its effect on the System, both as a tonic and as a laxative. It is just as good for Children as for Adults. Pleasant to take. Children like it. 50c. Made and recommended to the public by Paris Medicine Co., St. Louis, Mo., manufacturers of Grove's Laxative Child Tonic.

Eggs may be poached and served on rice.

To The Voters of Milam County

I hoped it would be possible for me to visit Milam county and see many of those who so loyally supported my candidacy for the State Senate in the recent election and personally thank them. I find it is impossible for me to do this. I was able to return to Waco only by the afternoon of the day of election, and the Legislature will soon assemble and my personal affairs will require my time in my office until I go to Austin.

The people have honored me beyond my deserts and I shall never be able to show my gratitude. I assure them however, that I will faithfully and energetically give my very best efforts to the duties of the office to which I have been elected. And in this connection I want to urge those who may be interested in legislation or who have suggestions to make with reference to same to write or call upon me and let me have the benefit of their counsel and advice.

Again assuring you of my appreciation of your confidence, and hoping for each a happy and prosperous New Year, I am,

Yours sincerely,
Edgar E. Witt.

The School Situation.

The school situation, not alone here but throughout the country, is critical.

Teachers have not been dealt with as liberally as have other classes of high grade workers, and not as liberally as the general inflation of values demanded.

Practically every other trade of profession has received substantial increases in pay or fees on the ground that the increasing cost of living justified it.

Teachers have had to stand the increased cost of living along with the rest of us, but they have been given no such consideration.

The result is that many of them are leaving the profession, but not nearly so many as will do so later on.—Houston Chronicle.

TWO STARS IN THE NEWEST WORLD-PICTURE

Madge Evans and Johnny Hines
Appear in This Charming
Production.

Two stars appear in the newest World-Picture. They are Madge Evans and Johnny Hines, and the name of the picture in which they appear is "Neighbors." It is a delightful production, and the Wonderland Theater is happy to announce that it will show this picture on Monday, January 13.

"Neighbors" is a story of a small New England town. It is a love story, but the central figure is Clarissa, a happy, enterprising little girl who is superbly portrayed by Madge Evans. Johnny Hines is a young man who is in love with Clarissa's sister, and the role gives him the opportunity for the display of the laugh-making talents for which he is noted. "Neighbors" is clean, delightful, wholly pleasing. See it.

State Fire Marshall Visits Cameron.

Mr. H. B. Savage, Assistant State Fire Marshall of the State of Texas, visited Cameron Monday and Tuesday of this week, inspecting the business portion of the city together with the Cameron Compress Cotton Yards and Warehouse. Mr. Savage says he found many unnecessary hazards, such as accumulation of trash, broken boxes and crates, ashes in wood containers, excessive quantities of gasoline, more than allowed by the state fire insurance rules above ground, ordinary electric cord extensions hanging on nails and metal hooks all of which endanger life and property and which if not corrected will cause the fire insurance rates of the city increased.

Reports show that fully 70 per cent of the fires within the United States are preventable, which by carelessness and neglect including the causes referred to above have been a great loss to our country.

"CARRY ON" FINAL WISH OF SAN ANGELO BOY

Lieutenant James J. Goodfellow of San Angelo, a former student of the University of Texas, who was reported killed in action on September 17, wrote a letter to his parents a short while before he made his final flight over the German lines, in which he indicated that he had a premonition of his coming death. In the closing paragraph of his letter he said: "I have striven to do my duty in this war, and I hope I have not done it all in vain. Do not hesitate or falter until the world is once more safe for women and children, and 'carry on' is my last wish."

Our Job Printing is Better.

'The Birds Fly Southward'

to avoid the cold. And well before the coming of the snow, the thrifty squirrel lays by a store of nuts. The bee remembers that the flowers will fade. All nature seems to sense the coming need. And man, alone, of all the living things, seems blissfully content to live Today as if Tomorrow's sun would never rise.

We defy the very laws of nature when we fail to provide for the future.

The Kind You Have Always Bought

THE CENTAUR COMPANY, NEW YORK CITY.

HOGS DYING BY THE SCORE FROM "FLU."

Hogs are dying by scores of influenza and pneumonia in Illinois. The epidemic, which is as bad as the hog cholera of other years, farmers say, seems to be centered in the rich farming districts of Wheatland and Plainfield, Ill. One farm at Wheatland already has lost about \$10,000 worth of hogs in two weeks. The animals seem to have all of the symptoms of the scourge which afflicts human beings. Hogs are being given the serum vaccination treatment in efforts to stay the epidemic. The animals contract a cough and acute pneumonia sets in. Veterinarians seem powerless to check the rapid advance of the disease.

The Strong Withstand the Winter Cold Better Than the Weak
You must have Health, Strength and Endurance to fight Colds, Grip and Influenza.

When your blood is not in a healthy condition and does not circulate properly, your system is unable to withstand the winter cold.

GROVE'S TASTELESS CHILL TONIC
Fortifies the System Against Colds, Grip and Influenza by Purifying and Enriching the Blood.

It contains the well-known tonic properties of Quinine and Iron in a form acceptable to the most delicate stomach, and is pleasant to take. You can soon feel its Strengthening, Invigorating Effect. 60c.

DISCHARGES GIVEN FROM TEXAS CAMPS

General March has given the following figures on discharges at Texas camps up to December 28:

Bowie—4023.
Logan—1703.
MacArthur—6848.
Travis—11,555.

Attention Employers

Now that the war is over and the men are returning daily to their former homes, the question of employment is becoming a vital one. The Milam County Council of Defense urgently requests that these returned men be given their old positions where ever possible.

The Council also urges that returned soldiers be given preference in all cases of new positions not heretofore filled, provided such men can fill said positions as capably as others.

These men in many instances, have made great sacrifices of opportunity and position in order to serve their country. It is therefore, a duty that our citizenship owes them to recompense them as far as possible for the losses sustained by them and to see that they secure positions in civil life that will enable them to realize their hopes and ambitions that were interfered with by the war.

The above is respectfully submitted to our citizenship with the earnest hope that the suggestions will be complied with cheerfully.

Milam County Council of Defense, By J. W. Garner, Chairman.

The shortage of male labor has made it imperative for the telephone companies in Kansas City to employ women to hunt wire troubles.

Piles Cured in 6 to 14 Days

Druggists refund money if PAZO OINTMENT fails to cure itching, Blind, Bleeding or Protruding Piles. Instantly relieves itching Piles, and you can get restful sleep after the first application. Price 60c.

Try a Want Ad in The Herald.

Grove's Tasteless chill Tonic

destroys the malarial germs which are transmitted to the blood by the Malaria Mosquito. Price 60c.

Red Cross Notes.

The Milam County Chapter gratefully acknowledges receipt of one \$100.00 Liberty Bond from Mrs. Joe Harlan of Cameron as a donation to this great work. Such examples are inspiring. "Go thou and do likewise"—no limit on this.

Workers are wanted at the Cameron work room every day to make refugee garments for the destitute French and Belgians. While the war is over, the Red Cross still has a duty to perform and we earnestly hope for the continued active help of our ladies as before the close of the war.

The "Xmas" Roll Call returns are not yet all in but the present information indicates a membership of around 6,000 in the County which is not bad while not as good as we had hoped for.

Reports of amounts of cash on hand by all the Red Cross organizations in the county are still desired by the Chapter headquarters where said report has not already been sent in.

Milam County Chapter, A. R. C.

"Neighbors" Coming.

"Neighbors" is coming. This will be good news to all lovers in this city of the best in photoplays, because this new World-Picture is delightfully entertaining, interestingly unusual, wholesome and pleasing.

Madge Evans and Johnny Hines are the stars in this production, and each of them is seen in a particularly congenial role.

The Wonderland Theater has secured this picture and will show it on Monday, January 13.

EIGHT MILK DEALERS PROSECUTED AT BRYAN

Prosecution of eight milk dealers of Bryan, Texas, will be asked by the state pure food department at Austin, following analysis of sixteen milk samples collected there by inspectors. Half the samples were found adulterated.

The Jersey Cow.

The recent annual meeting of the Texas Jersey Cattle Club held in Dallas served to call attention to the fact that this state is the home of the largest Jersey cattle herd in the world.

This magnificent herd of registered cream producers is the property of Mr. Ed C. Lasater of Falfurrias.

But there are many Texas Jersey herds and the sales of the club this year have proved that money can be made breeding Jerseys for sale and owning Jerseys for dairy purposes in this State.

South Texas is the ideal home for the Jersey sow. In no other part of the world does she thrive better. Nowhere will she give a richer flow of milk.

And the South Texas farmer who desires to make a financial success of his business will find the Jersey cow one of the best partners a farmer ever had.

During the drouth many dairy farmers were forced to sell their herds. The cattle sold were neither pure blood Jerseys nor pure blood Holsteins. They were grade cows—and they were scarcely paying for their keep when feed was low and water and grass plentiful. But the man with pure blood cows—of either breed—did not find them liabilities but assets during the drouth; and he is still holding to them as the most valuable part of his farm outfit.—Houston Post.

New York's public schools now teach girls cafeteria work, manicuring and shampooing.

The average wages of female workers in England increased 20 per cent in the last two years.

While women physicians are not numerous in Japan some of them there have been eminently successful.

In making tomato soup with milk stewed and seasoned with salt and the tomato should have a little soda put into it before adding the milk.

EFFORTS BEING MADE TO INCREASE VALUE OF LIGNITE

Much progress has been made by the Bureau of Economic Geology and Technology and the School of Chemistry of the University of Texas in perfecting a process whereby the fuel value of lignite may be increased. While the enormous beds of lignite in Texas are used already in considerable quantities for fuel, the product promises to come into much greater demand if the process for its treatment that is now being studied proves the success that is expected.

ening, Invigorating Effect. Price 60c.

FARM'S FIRE LOSSES FAR TOO GREAT

Marshal English Begins Campaign
For Conserving Property In The
Rural Districts.

State Fire Marshal Wallace English has inaugurated a campaign for the prevention of fire loss in the rural precincts of Texas. Of a total of \$16,000,000 lost in Texas every year by fire, it is estimated that \$4,000,000 is sustained on the farms, the ranches the timber lands and the prairies of the state. This loss is practically total to the owners of the property, as little insurance is carried on this class of property. While campaigns for fire prevention in Texas have heretofore been limited to the cities and towns, Fire Marshal English believes that 75 per cent of the losses in the country may be prevented by proper measures.

California has nearly 900 women who are eligible to vote.

Miss Jane Stellaine is the only woman marine surveyor in New York City.

Smith Brothers

Ugh! Calomel Sickens; Salivates!
Please Try Dodson's Liver Tonic

I am sincere! My medicine does not upset liver and bowels so you lose a day's work.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your

druggist sells for a few cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up and you feel great. Give it to the children as well.

Time and tide waits for no man---

Geo. T. Graves
Agent

Cameron,

Texas.

Are you preparing for next winter? Are you going to wait, wait, wait and buy high-priced feed, the same as you are this winter? Think of this! prepare yourself. Cotton might be six cents next year. Raise feed for your stock, prepare to live at home. If you have fat cows, hogs, sheep and chickens you are independent. You can sell your cotton then at 6 or 20 cents—it is just the same; it is all profit. Make your living at home; have your cotton a side line, then you will change your bank account from red to black, from a note to a deposit slip. Now, this can be done with help of a Silo. The Indiana Silo Company furnishes you a road to prosperity; they have the low price and easy terms, so any one can own a Silo.

During the New Year 1919

YOU WILL FIND US READY TO MEET YOUR EVERY DEMAND IN THE SHELF HARDWARE AND GROCERY LINES. WE HAVE A COMPLETE STOCK AT CORRECT PRICES, WILL TREAT YOU RIGHT AND WANT A SHARE OF YOUR BUSINESS. BY PAYING CASH YOU CAN ELIMINATE THE EXTRA EXPENSE OF DOING BUSINESS ON CREDIT AND YOU ARE THE ONE THAT SAVES THE DIFFERENCE.

Civilized barbarism! That's the word. It was used by one of the German mouthpieces in attempting to excuse the German acts of atrocity prompted by "necessity."

Uncle Sam's wounded fighters coming back to this country are receiving every attention possible. Those disabled for life will not only receive government aid, as in the past, but they will also be given a vocational education for a new start alongside their fellowmen. Just an example of Uncle Sam's thoroughness.

A business directory will be found by Herald readers in this edition. It is the beginning of a permanent column which will always be found adjoining the locals and personals. Look it over. This is a concentration point for business and professional activities in Cameron. We urge you to keep in touch with our business directory.

A great man in America has died. Theodore Roosevelt's death last Monday morning was a complete shock to the nation. The name of this man is not confined to America, but is familiar in all parts of the world. Twice president of the United States, a leading light for the Republican party until the time of his death, popular politician, statesman, author, and hunter, "Teddy" was a cosmopolitan man. Greatness will forever be associated with his name in history.

McAdoo suggests a five year period of trial for government operation of railroads in the United States. The short and turbulent trial given government operation up to the present, he says, is insufficient for basing a conclusion as to what disposition should be made of the railroad problem. Although government operation of railroads has not been highly successful in this country under the strain of war, it is possible that under normal atmosphere of peace this

plan will prove commendable. At any rate, if it takes five years to prove or disprove government operation a good solution for the railroad problem, why not extend it? If anyone in the land is in a position to offer suggestions on the railroad problem it is Wm. G. McAdoo.

"Smile every morning until 10 o'clock and the rest of the day will take care of itself." Such is the substance of an old and popular slogan. Try it. When you get up in the morning begin with the smile. Don't mind the cold or the stick of wood dropped on your numb toes while starting the fire, or the fact that the laundry has not come in spite of the fact that you haven't a clean shirt to your name, or the grumbling neighbor or the fall on the frozen ground that nearly cracked your head open. Just smile it all off. The slogan works.

TIME TO CLEAN UP.

In the past it has been the custom in Cameron to have occasional Clean-Up Days during the year, by the Civic League. These efforts were not strongly supported by the city and as a result, in spite of conscientious efforts on the part of those in charge of the work, Cameron has not been kept so clean as it should be kept as a city.

It is up to the people of our town to get behind this move now under

the direction of the Civic League and see that Cameron is systematically kept clean in the future. Why not place this under the leadership of the City Council, backed to the utmost by any and all of Cameron's leading organizations. The cooperation of the Cameron Commercial Club is an essential factor.

We are just emerging from a serious epidemic of influenza, the most serious of many years. It is said that the germs of this disease remain indefinitely in secure hiding places, that the disease is liable to break out in a rage at any future time unless proper precautions are taken against it. Any physician will agree that nothing offers a better protection to the loathsome germ than filth piles, cans, rotten material, trash, and such nuisances. These are favorite hiding places. Let us give them no quarter in Cameron. Clean every untidy corner, and pick up every old tin can.

A clean-up day is coming soon. Make a supreme effort to get ready for it. Make Cameron clean, absolutely clean of filth, and keep it just so. Do not let anything that looks unsanitary escape you. It is your duty to yourself, your family, your neighbors, and your city.

Not only should everyone make it an individual duty to see that our city is cleaned up, but the city as a body should take charge through its officials and make it an absolute necessity, instead of a casual obligation, for everyone within the bounds to make his part of Cameron clean and keep it clean.

The editor of The Cameron Herald in his issues of Dec. 12 and 19 has some very bitter remarks to make concerning a certain stretch of road near Buckholts. This road is characterized as a disgrace to the county and especially to the citizenship contiguous thereto who will permit the road to remain in such condition. The Reporter does not doubt the Herald's statement as to this being the worst stretch of road in the county, but if it is, the only reason is because it is bottomless black land. We know of another stretch of four and one-half miles of Milam county "first-class" public road that is also a disgrace to the county and a shame on Cameron. It lies between Minerva and the George Banzhaf residence on the Cameron Rockdale road, and the only reason it is passable is because the soil has enough sand in it to keep it from being boggy. This stretch of road belongs to the Cameron good roads district, and the people along this road have been paying the special Cameron good roads tax for the past five years; they voted for the tax, being told that a graveled road would be built all the way to the beat line. The road was built to Minerva, and the people from there to Banzhaf's were then given to understand that if they wanted a graveled road they could build it or get Rockdale to build it for them. This stretch of road is so bad that it has been nick-named "no man's land." We repeat, it is a disgrace to Milam county and a shame on Cameron.—Rockdale Reporter.

Editor Cooke of The Rockdale Reporter takes occasion in his last week's issue to again express his disgust with the roads his township is compelled to endure. And we don't blame Brother Cooke either. The only reason the editor of The Herald does not like to go to Rockdale, is for the same reason that many other people do not like to go, namely: the bad roads. We like Rockdale and Rockdale folks, you bet your life we do, but we do not like Rockdale's roads and we do not blame Brother Cooke for not liking them either. We think, however, that Brother Cooke is a little harsh in his remarks when he repeats in his writings that "the little strip of road in the Cameron precinct between Minerva and the Banzhaf place is a disgrace to Milam county and a shame on Cameron." The facts given by county officials regarding this unimproved strip of road are the same as the facts given for the unimproved strips on the end of practically every road in the Cameron precinct, that is, "the tax voted was insufficient to complete the road to the end of the road district." The building of each road was started in Cameron, as it should have been, and the money was used to build the road as far as it was possible. Possibly, however, in the instance of this road that disgraces Milam county, an exception should have been made, even though it would have been for the purpose of protecting and defending the fair name of Rockdale and place her within the bounds of civilization and this side of "no man's land." Or, possibly, the exception should have been made, in this instance, in order that at same time within the next generation, when Rockdale decides to build some good roads they would be connected with the metropolis of Middle South Texas—Cameron.

Try a Want Ad in The Herald.

American Folk Music

On the Fourth of July, 1826, near Pittsburg, Pennsylvania, a great American composer was born—a fitting coincidence that the day giving him birth should be also the birthday of our great American nation.

This man's greatness lay in the simplicity of his heart, his emotions, his music, his understanding of human-nature, of the world in which he lived, loved, suffered and died—just as do all his fellow mortals. His melodies are simple, unpretentious as a wild rose—yet they have touched the very heart of a nation. And we, and you know he was the greatest composer of American folk-songs.

His name was Stephen Collins Foster; he wrote "Old Black Joe," "My Old Kentucky Home," "Swanee River," and others well loved, though not as well known.

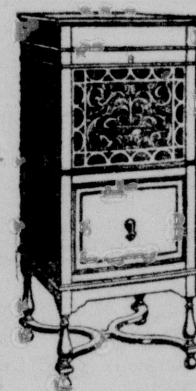

The magic of these old plantation songs, that you have known all your life, will be RE-CREATED for you in your own home if you own

"ONLY THE BEST" CAMERON, TEXAS

John Hopkins Davis.

Mr. John Hopkins Davis, son of Mr. and Mrs. Dan G. Davis of Sharp, departed this life the second day of January and was buried the following day.

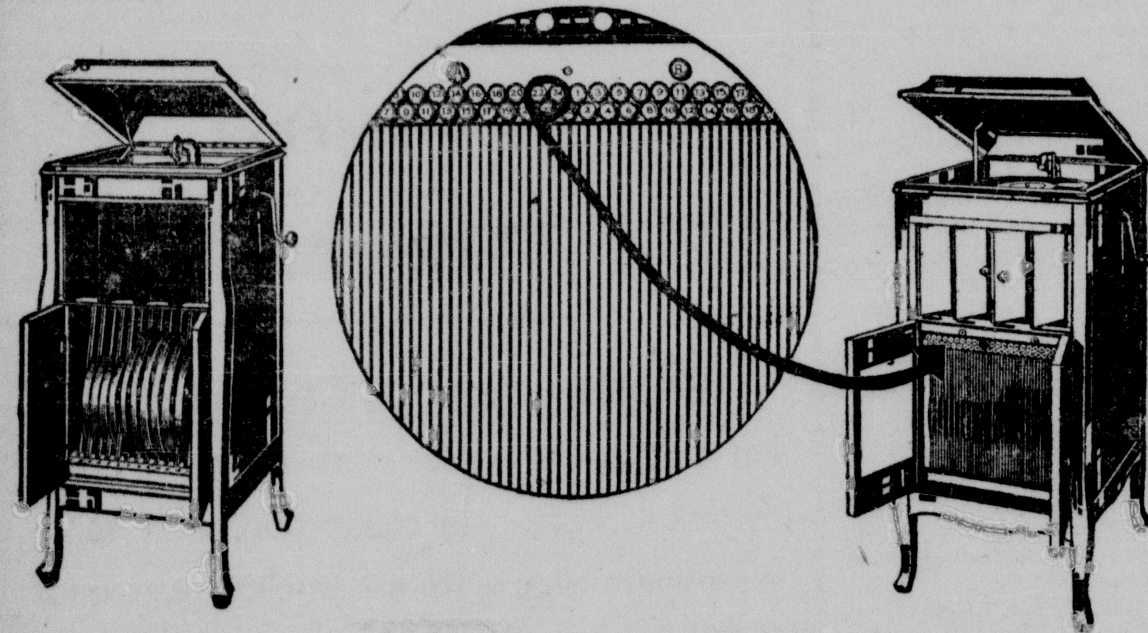

Seven months to a day, Mr. Davis' wife died, leaving him an infant son as the fruit of their short but happy union. Since the death of Mrs. Davis, John has not been able to throw off the feeling of responsibility and the keen grief caused by the going of his wife. It seemed that his heart followed her to the better land, and when he was taken sick, it appeared that he felt that this was his time to go. So much was he influenced by this feeling that he refused to take his medicine.

John Davis was a good man. He was held in high esteem by all his neighbors, as evidenced by the large attendance upon his funeral. He was

a Christian. He and his wife were converted in the Ham meeting and afterwards became members of the Baptist church.

From a human point of view it looks like a great pity that a man and his wife should be taken in the very prime of life, but we are not able to understand the will and way of our heavenly Father. He had better plans for their lives, and therefore took them to Himself. The happy thought about it is that they were one in life, were almost one in death and are now one in eternity.

Mr. Davis is survived by his father, mother, two sisters and four brothers. Our sympathies go out to all the bereaved ones. "We commend them to God and to the word of His grace which is able to build them up and give them an inheritance among all them who are sanctified by faith in Christ Jesus." B. B. Blaylock.

WE BELIEVE we have one of the most serviceable banks in one of the best towns of its size in the state. Our continually increasing number of satisfied customers is the best evidence that we are serving each one individually, in a satisfactory manner. Our officers and directors are men of good sound business judgment, well and favorably known throughout the community. We endeavor to work for the betterment of our town and country surrounding, as well as for the interests of the individual.

Levi Anderson of Killeen was the guest in the home of his nephew, Mr. O. L. Kidd this week.

Miss Wallace Plaster returned to San Antonio last week to begin her school work again.

John Saunders who is in the naval school in San Diego, Cal., is in Cameron on a visit to his parents.

Don't forget that I am still doing Cleaning, Pressing and Tailoring. MAX COLLINS. 29-1f

Misses Gladys Watson and Cornelia Wallace returned Thursday to Austin to re-enter the University.

W. E. Coley's store at Buckholts burned down last week. The complete establishment was destroyed.

Mr. and Mrs. D. K. Hall of Taylor spent Friday in the city the guests of Mr. and Mrs. W. H. Triggs.

Miss Annie May Wohleb returned Sunday from a visit with her friend, Miss Luliva Faulds of Houston.

Hon. T. S. Henderson went to Dallas Wednesday to attend a meeting of the State W. S. S. chairmen.

Thad Epperson returned to Norfolk, Va., Thursday after a visit to his parents, Dr. and Mrs. A. S. Epperson.

Misses Annie Lou Baskin and Maurine House left last Friday to enter Southwestern University at Georgetown.

Max Plaster left Tuesday for Miami, Fla., to resume his training in the naval aviation branch of the service.

Mrs. F. L. Henderson and little daughter, Katherine, of Bryan were guests of their aunt, Miss Ada Henderson, Friday and Saturday.

Rev. W. G. Harbin left Monday for Memphis, Tenn. He was accompanied by his little daughter, Helen, who visited her grandmother in Mississippi.

Price Cross left Friday for San Diego, Cal., after a pleasant visit with his parents, Mr. and Mrs. S. P. Cross.

Lawless Green who has been in the service of the United States for the past few months has re-entered the University of Texas this term.

Miss Lois Epperson, who has been a guest in the home of her uncle, Dr. A. S. Epperson, left Sunday for Denton where she is attending C. I. A.

Mr. and Mrs. W. H. Triggs, Mr. and Mrs. Albert Triggs, Mr. and Mrs. W. O. Triggs and Mrs. Howard Baskin spent Sunday in Rosebud the guest of Mr. and Mrs. Alex Triggs.

At the residence of Mr. and Mrs. Robert McLane Monday evening, Miss Sallie Kate entertained the Christian Endeavor Society of the Presbyterian church. A jolly good time was had by all those present.

Miss Maude McGhee is teaching for Mrs. Garner in the Ad Hall school this week. Mrs. Garner is detained in Cameron on account of the illness of her husband.

Mr. and Mrs. C. C. Avrett of Pleasant Hill and Mr. and Mrs. Jim Franklin also of Pleasant Hill, were visitors in the home of Mr. and Mrs. T. A. Howell last Sunday.

Mrs. Turner, formerly Miss Chris Cone, left this week for Waco where she will make her home. Mr. Turner who has been in the army has received his discharge and will meet her there.

After a weeks' visit in Fort Worth Mr. and Mrs. Kestenbaum have returned to their home in Cameron. Mr. and Mrs. Kestenbaum motored through the country and returned home last Saturday night with Mrs. H. Miller of Fort Worth, who will be a visitor in Cameron for a month or so.

Mrs. Ware came in Sunday from Temple where she has been at the bedside of Mr. Ware who has been in the Santa Fe Sanitarium for several weeks. She reports that he is improving and she hopes that it will not be long before they can come back to Cameron.

Frank Plaster and Charlie Frank Green the two Cameron boys who were almost fatally injured a short time ago in a car accident, are now walking the streets again. These two lads had a remarkable recovery. Their friends are glad to see them up again and congratulate them on their narrow escape.

Miss Elaine Cone who has accepted a position in the office of John W. Baker, the State Treasurer, left Monday for Austin to begin her work. The people of Cameron are sorry to lose Miss Elaine from their city and they are assured of her success in her new position.

Mr. and Mrs. G. L. Whisenant of Temple have moved to Cameron where they will make their home. Mr. Whisenant having accepted a position in the Auditorium Barber Shop. Mr. Whisenant formerly lived in Cameron where he plied the barber trade for several months.

Government Horses And Mules For Sale.

One hundred head of Government horses and mules will be sold at public auction in Cameron on Saturday, January 11. Sale will begin promptly at 10:00 o'clock, and will be conducted by Colonel Charles E. Waterman and Toke Murray. All sales to the highest bidder for cash. Parties wanting horses or mules will do well to attend this sale. Liberty Bonds to amount of purchase will be accepted as cash.

No Worms in a Healthy Child
All children troubled with worms have an un-healthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

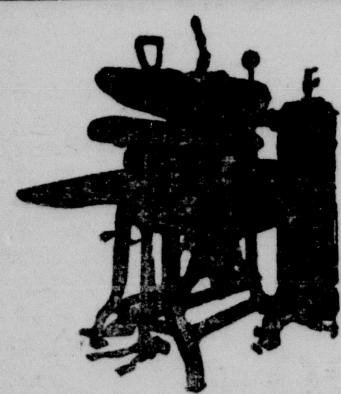

Planting Seed.

I have about 20 tons of seed that I have kept for planting which are from cotton raised from Storey Myrick Mebane seed that were direct from Lockhart in 1917, and gin records show a lint per cent from them of 35 1/2 to 40 9-10 per cent. These seed were saved pure as we used every care in handling them at the gins, the rolls being run out each time before these seed were caught. I will sell these seed while they last at \$2.25 per bushel. R. L. Batte, Cameron, Texas. 32-3t

Smithville Headlight: A writer in a recent magazine article states that the per capita of money now in circulation in this country is a little over \$53; and then adds that if every man, woman and child in the land should each come in possession of \$20 and withhold or withdraw that money from circulation, it would paralyze every industry in the land. Isn't that a very unsafe sort of thing to do?

T. C. Houston, A Printer

(By Andrew McBeath, a Printer.)

Maybe one printer will not stand by for another one, and maybe he will, T. C. Houston, a printer is dead upon the fields of France. Temple Typographical Union, No. 688, says that his memory must be perpetuated in an appreciation from his brother printers. They said, when it came to writing, that I could write it and they would make it stand up whatever I said. So I said if I felt like it I would write it. I don't feel like it, but I will write it anyway. I don't like writing of the valor of a printer-soldier because I know, without knowing that his bravery was unbelievably greater than his strength and I suspect he would not have been dead had his strength been equal to his bravery—for you can't kill that kind of people, you know, you have to wait for them to die.

I choose not to drink of such a cup of anguish, but, since things are as they are, I will.

In speaking of this printer, T. C. Houston, I am reminded of the verse of a poet—who, beyond all peradventure, was a poet—who told of the coming of a little child to live in a home: "He came with the winds of dawn, when the rose red clouds were flying; in the glory of his coming, the old moon drifted dim. He went when the evening star outwatched day's quiet dying; its path across the sea made a white, straight road for him."

T. C. Houston is not known to the members of the printers union in Temple, though he is numbered with them, though his name is on their service flag, though they have been paying his union dues while he went to war, though it is to them his next of kin must come for information as to his death benefit and the completion of his record. He was working in an unorganized town when he secured membership by correspondence in this local printer's union. He never attended one of their meetings—which by the way, are models for attendance if there is an organization in Temple that does attend its meetings, it is that of the printers. He never came this way to meet the band of artists and critics to which he belonged, and thereby he was the loser as well as they. He did not come to visit them; he now can never come. Nevertheless, they choose to honor him. They know he never would have been attracted to them were he unworthy of them.

The printers are a patriotic bunch. If there ever was thought into the poison of which the kaiser might have been doubly damned to hell and back again perpetually it was in that atmosphere breathed by the printers when they set their caustic pots to boiling, the molten metal of their curse to brew. Had the strength of the printers been as strong as their maledictions there had been no printing while the war was on, for all would have been into the fight. T. C. Houston did not stand upon the order of his going, he went.

And now he is dead. The kaiser killed him. Curses on the kaiser forever. We will never forgive him.

We feel sure that the grave in France in which our comrade sleeps is tended by some kind old Frenchman or some beautiful mademoiselle who loves the Americans because they whipped the Germans and saved France. We feel sure his soul was purified in the fire of battle and that it went back clean to God who gave it down to earth in the first place and who welcomed it back again. And so believing we will not grieve—we will only hate the men who killed him and cheated us of the stories he

Nux-I-Tone

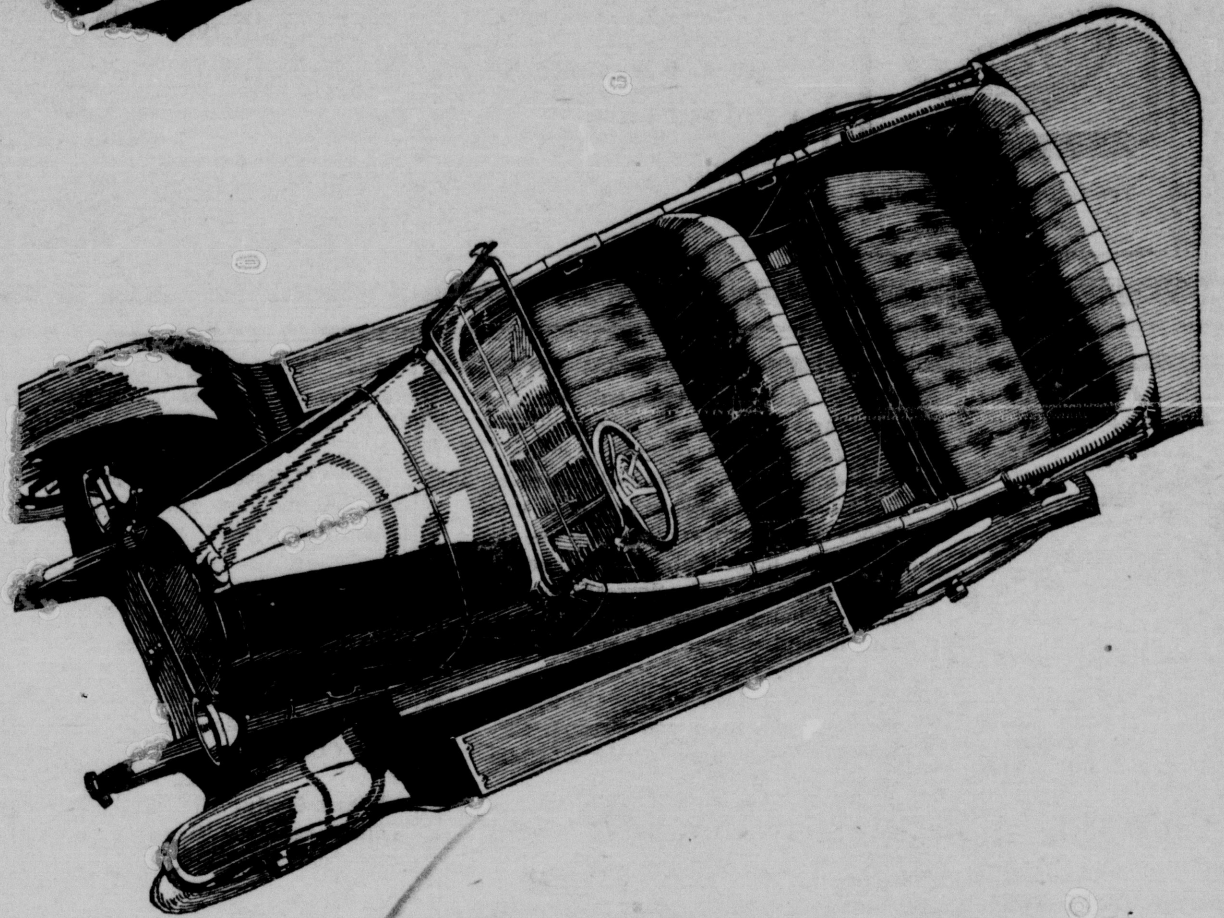

Spanish Influenza leaves the system in a seriously rundown and weakened condition; for a quick and complete recovery we recommend Nux-I-Tone.

This Tonic containing Iron and Nux Vomica in combination with Beef and Wine is recommended for convalescents, weak women, aged persons and delicate children. Of special benefit to persons who do not have sufficient iron in their blood, as indicated by paleness and anaemic conditions.

Nux-I-Tone is an excellent strengthening tonic in pale, weak and rundown conditions, increasing vitality. It is an agreeable and satisfactory tonic for run-down individuals who wish to regain their strength and for delicate children who need iron in their blood. Price One Dollar.

Women's Activities

Over 95,000 women are employed in the factories of Osaka, Japan.

Widows outnumber widowers in the United States by over three to one.

The National Woman's trade Union League at a recent meeting adopted a resolution demanding increase representation of woman on State and Federal labor bureaus.

The 500,000 Michigan women who won the right of unrestricted suffrage at the recent election are already planning to run a candidate for a major State office next spring.

Seventy five of the 225 telephone operators in Wichita Kan. quit work recently because the company refused to reinstate one of their number who had been discharged.

Women in England have helped in the making of every type of weapon of war from heavy artillery to rifles from huge shells to machine gun bullets and in the construction of airplanes.

The Syracuse (N. Y.) Council of Woman's Club recently suggested that all girls who work in public

in that city should wear uniforms and that stenographers wear less transparent waists.

Over 64 per cent of the women employed in Massachusetts hotels open throughout the year and 82.2 per cent of those employed in seasonable hotels receive at the rate of five dollars per week and three meals a day.

Cabbage stew is made with cabbage, onions and little bits of bacon and pepper.

While rising bread dough should always be carefully covered otherwise the surface will be hard.

A Doctor's Gift to The World

A Remedy to Overcome Catarrh and Catarrhal Conditions was Dr. Hartman's Legacy to the World of Suffering.

The Doctor early recognized the insidious nature of catarrh and consecrated his life to checking the ravages of the worst of all health destroyers.

PERUNA

The Greatest of All Catarrh Remedies

Catarrh first attacks the mucous linings in the nose, throat, lungs, stomach, bowels or any other part of the body. Unchecked it finally breaks down the tissues and chronic ailments develop which, if not fatal, are always difficult to cure.

Guard your health with Peruna. Don't wait until too late. Peruna is excellent for coughs, colds, effects of the grip and all catarrhal inflammation and congestion of the mucous linings. Many startling recoveries have been recorded.

TOOK IT FOR CHRONIC BRONCHITIS.

"I was troubled for four or five years. A few doses of Peruna would always bring relief. In the Spring of 1914, I began taking Peruna in earnest and used twelve bottles and have not had an attack in two years. I feel better and can do more work than in ten years. Peruna also cured me of chronic Bronchitis and I recommend it as a splendid remedy."

MIL. O. F. McBRIDE.
Santa Fe, Ohio.

WRITE FOR THIS BOOK.

If sick and in doubt, write The Peruna Company, Dept. S 81, Columbus, Ohio, for Dr. Hartman's Health Book. It is free. Sent in a plain wrapper to any address. DO IT TODAY

HAD CATARRH IN WORST FORM

"I had catarrh and was all run down. Many claimed it was consumption and I really thought so myself. I had a pain in my lungs and left side, no appetite, could not sleep, always weak and tired. My weight was 89 pounds.

I took fifteen bottles of Peruna and am entirely cured. I now weigh 135 pounds. Thanks to Peruna."

New Work For Teacher.

Our pupils should be as familiar with the exploits of Pershing and the gallant Sixty-ninth as they are with the adventures of Sir Galahad in the pursuit of the Grail. Unless due caution is exercised, children fully instructed in the minutiae of the Whiskey Rebellion, the War of 1812 of the Mexican War, may be totally ignorant of the underlying causes of the present world crisis. In a like manner, the geography work should be related to the living present. Europe and South Africa must be studied with a greater intensiveness than ever before. Our own country must be discussed in the light of present conditions rather than those presented in out of date texts. Pupils should know the locations of the cantonments, of the great shipbuilding centers, the nitrogen plants and the innumerable

industrial developments resulting from the war.

Pupils should be able to indicate how the physical features of the Western front have controlled the development of the campaigns. They should know the relative difficulties of campaigning in the lowlands of Flanders and the mountainous regions of the Vosges. They should be informed as to the geographical location and race history of the various peoples of Europe who are now entitled to self-determination.

Our science, also, will be of little value unless vitalized by a study of the innumerable applications of science to meet present-day needs. Every graduate of our elementary schools should be familiar with elementary facts relating to such matters as the flotation of ships, the construction of airplanes and the flight of projectiles. —Review of Reviews.

Ford

THE UNIVERSAL CAR

The Ford one-ton motor truck which we sell without body for \$550 f. o. b. Detroit, has proved during the past two years to be a most money-saving utility, both in towns and on the farm, because like the Ford it is surely reliable, easy to control and has very low cost for operation. Has the speed and flexibility to save time, and the strength and durability to save money. We can supply you with any kind of body desired. Come in and look it over.

HOW ROME BEHAVED WHEN GERMANY SURRENDERED

This photograph shows a scene in Rome when the news of the capitulation of the Germans was being celebrated.

W. S. S. OF 1919 VIN-TAGE ON THE MARKET

New Stamp is Smaller Than its Predecessor and Matures One Year Later, January 1, 1924.

The 1919 War Savings Stamps are with us. Every postoffice in Milam county already has placed them on sale and an active demand is reported. The stamps arrived some days ago, but the certificate cards did not reach here until this week and were mailed out the day they arrived. The new \$5 stamp is smaller than the stamps of the 1918 issue, and accordingly the new certificate card is smaller and only requires one fold to make it convenient for carrying or mailing. Assistant Postmaster Claude P. Mc-

Gregor says that the 1918 stamps should not be entered on the 1919 certificate card. In the first place, they do not fit, and, in the second place, they mature one year earlier and can not be carried on the same card with the 1919 issue. The 1918 War Savings Stamp reaches its full value of \$5 on January 1, 1923. The 1919 stamp will not mature until January 1, 1924. The 1918 stamps are all being returned to the treasury department. The stamps on hand in the Cameron postoffice have all been returned and the banks are engaged in returning the supplies they have on hand. The 1918 series is no longer available for purchase. Those who started purchases of Thrift Stamps—the 25 cent stamps—before the new year may continue to purchase and fill out their cards. When these cards are full they may be exchanged for 1919 stamps, paying the extra charge, which during the present month is 12 cents and an increase of 1 cent each month following during the year.

Installs Battery Machine.

J. J. Michalka, the Oakland agent in Cameron and the fellow who is always looking out for something to better his condition has installed this week in his place of business a complete battery charging outfit. Mr. Michalka announces that he is prepared to overhaul batteries, recharge them and do a general battery repair business. See his advertisement elsewhere in this issue.

WACO JUDGE DIES; INFLUENZA VICTIM

Judge George N. Denton, 47, judge of the Nineteenth District Court, McLennan County, died at 5:30 o'clock Wednesday morning at his home in this city. He was a victim of influenza followed by pneumonia. He leaves a wife and four sons. Father and mother, two brothers and a sister also survive. They reside at West. The funeral will be held tomorrow.

BAPTISTS TO FLOAT LOYALTY LOAN ISSUE

Bonds Will be Sold for Benefit of Educational Institutions of Church.

February will be known as the "million dollar month" in the circles of the Baptist church in Texas, Dr. F. S. Groner, corresponding secretary of the executive board of the Baptist General Convention of Texas, has announced. During the month the "first Baptist loyalty loan" will be floated. The bonds are for the benefit of the Baptist schools in Texas. The schools include Baylor University, the medical and dental colleges at Dallas, the Southwestern Theological Seminary at Fort Worth and nine junior colleges located in various parts of the State.

To plan the campaign for the loan a committee of twenty-seven men has been appointed. This committee met this week in the offices of the Baptist convention in the Slaughter Building. The following men compose the committee: F. S. Groner, Dallas, manager of campaign; G. W. Truett, Dallas; J. B. Gambrell, Dallas; L. R. Scarborough, Fort Worth; T. V. Neal, Dallas; J. L. Cross, Dallas; M. H. Wolfe, Dallas; R. E. Burt, Houston; H. L. Kokernot, San Antonio; Forrest Smith, Fort Worth; I. E. Gates, Amarillo; J. W. Cochran, Livingston; S. P. Brooks, Waco; J. D. Sandifer, Abilene; J. C. Hardy, Belton; J. M. Dawson, Waco; E. C. Routh, Dallas; M. T. Anderson, Hillsboro; J. B. Cranfill, Dallas; T. C. Yantis, Brownwood; J. B. Leavell, Houston; S. H. Campbell, Tyler; A. E. Boothe, McKinney;

U. S. WEATHER REPORT CLASSIFIED COLUMN

Following is the temperature and rainfall report as shown by the U. S. Government observer in Cameron:

Temperature.		Max.	Min.
1918			
Jan. 2		60	35
Jan. 3		70	30
Jan. 4		55	54
Jan. 5		72	39
Jan. 6		65	40
Jan. 7		48	28
Jan. 8		62	82
1919			
Jan. 2		30	21
Jan. 3		31	25
Jan. 4		32	37
Jan. 5		36	46
Jan. 6		61	48
Jan. 7		57	29
Jan. 8		50	28

Rainfall.		Max.	Min.
Rainfall to Jan. 8, 1918,		0.00	
Rainfall to Jan. 8, 1919,		0.45	

W. H. Fuqua, Amarillo, and J. L. Smith, Amarillo.

The State is being divided into twelve districts. Each district and each town within the district will have its quota. Each bond buyer will have an honor button and each town or church selling its quota will have a flag of honor. The campaign will be conducted very much on the plan that the Government sold Liberty Bonds.

The Session of the Presbyterian church has secured the services of Mrs. Tucker, as musical director for the church. She will begin her new work next Sunday.

J. J. MICHALKA

MACHINE SHOP BIG ASSET TO CAMERON

Michalka Brothers Operate Machinery Shop in Cameron That Few Towns Possess.

Did you know that Cameron has an establishment that can make a perfectly good car out of a complete wreck? It is so, for the Cameron Machine Shop has done that very thing. It claims to be in a position to handle all kinds of broken machinery and make it "good as new."

Probably few people in Cameron realize just how big a part the Cameron Machine Shop plays in all machinery enterprises in this city. Probably few people realize how fortunate this city is in having an establishment like this about the place. Very few towns the size of Cameron, according to the best information, have a machine department shop like the local one, consequently these are forced to undergo inconveniences and expense that are never confronted by Cameron inhabitants.

The Herald reporter happened in the above place just as a big cylinder head the size of an auto wheel was being welded together. By the use of its welding plant the machine shop made two huge broken pieces into the original one, the welder declaring upon the completion of his job, "It will not break there again for it is stronger where it is welded than anywhere else." The welding plant is claimed to be the biggest success of the machine works.

Machinery breakages, remodeling, work, rebuilding and similar tasks are brought here from all over the surrounding country. If the Cameron Machine Shop were not here many owners of gins, factories, mills, printing establishments, laundries, automobiles, farm implements and the like would be compelled to undergo big expense accounts to forward their damaged machines to factories and

machine works in distant places. The different garages go there to have constructive work done on cars that it is impossible for them to do.

Going into the machine shop one sees lathes of different sizes, pipe cutting devices, a big drill press, forges, all kinds of saws and tools, and machines of various kinds distributed over the entire building. A few days more will see a special cylinder boring outfit capable of boring cylinders of all sizes, announces Joe and Frank Michalka, owners and managers of this establishment. A good sign of the progress of our city.

Wiley Mangum and H. Stedman of Cameron are visitors in Waco today. They will return to Cameron tonight.

LIFE IN CAMPS BIG STIMULUS TO SPORT

A bright prospect for amateur sport was forecast in New York Saturday by Frederick W. Rubien, secretary-treasurer of the A. A. U., in his annual statement regarding sports.

"Amateur athletics—track and field, wrestling, basket ball, gymnastics and swimming are due for a big boom," said Rubien.

"I feel confident that these sports will be practiced more during the coming season than ever before, due chiefly to the great benefit derived by nearly 3,000,000 young men during the past 18 months in the training camps here and overseas. Young men who considered these sports too strenuous are now shouting their praises and will not lose their interest in them.

"There is talk of Olympic games and international competitions in amateur boxing, wrestling and swimming and the list of national and local competitions also plans far exceed that of former years."

County Judge W. G. Gillis went to Dallas yesterday afternoon on business pertaining to the Liberty Loan work in which he has been so successful. His trip was in answer to a call from the Federal Reserve Bank of the Eleventh District.

U. S. WILL SPEND TWENTY MILLION ON TEXAS ROADS

Road building on an extensive scale is expected by Government officials this year from reports at Washington. Definite estimates of amounts to be spent this year include, Louisiana, \$4,674,000; Texas, \$20,000,000.

JOSEPH W. FORDNEY

Joseph W. Fordney of Michigan, a veteran legislator, will be the chairman of the ways and means committee of the house after March 4. He was schooled in hard knocks as a youngster, having learned the lumber business from the bottom.

From 10 to 35 Per Cent Discount On All TIRES TUBES ACCESSORIES

Expecting an advance in prices, we ordered rather heavily and now have these shipments on the road and wishing to introduce our standard makes of Tires, Tubes and Accessories, we have decided to put on this sale whereby we sell tires and tubes at practically wholesale prices and other items at less than present wholesale prices, saving you from \$1.50 to \$5.00 on a single tire.

We have no old stocks that we want to get rid of, as we have many tires still on the road and others just coming in. Everything is sold under guarantee to give proper service. We make our own adjustments on Firestone Tires and just here let us call your attention to the difference between molded or machine made tires and hand made or wrapped tread tires. Firestone has made them both ways for about 2 years ago Firestone also tried the molded tire and after several attempts at improvement, took it off the market and went back to the old reliable and well known Firestone Hand Made Tire, known as "Most Miles Per Dollar" tires. But they took care of every tire that did not give proper service to our customers, no matter whether bought from us or coming as equipment on a new car. We have made good in every case that was presented to us for adjustment and if there are still any of these tires out, that are not giving the service they should, we ask that you bring them in and we guarantee you that we will replace with Hand Made Firestone ONLY, as we have had nothing else in the house for a year, and don't want a better tire or a fairer concern to do business with, for we have not had a single tire sent in for adjustment, either turned down or modified, but all were approved as sent in by us; that is why we can make our adjustments right here, without waiting or dickering.

Reason of our experience in repairing all makes of tires, we are in position to know a good tire from a bad tire, or a defective tire from a perfect tire and it costs us nothing to give you a fair adjustment when entitled to it. Try one or more of these tires at these prices that cannot be continued for long and for value cannot be equalled anywhere.

A FEW OF THE PRICES

30x3 Firestone Hand Made Tires.....	\$14.00
30x3½ Firestone Hand Made Tires.....	\$17.75
(Other sizes and types in proportion).....	Ⓢ
30x3 Red Inner Tubes.....	\$3.00

AMERICANS FIRST TO BREAK HINDENBURG LINE

Americans troops were the first to break the Hindenburg line, according to the Daily News of London, in its comment on the report of Field Marshal Sir Douglas Haig on the operations from the end of April last to the close of hostilities. The News points out that at least the first mention of a break through contained in the field marshal's report, was in the course of his description of the day's work on September 29, in which he wrote:

"North of Bellenglise, the 30th American Division, Major General E. M. Lewis, having broken through the deep defenses of the Hindenburg line, stormed Bellenglise and seized Noury. On their left the 27th American Division, Major General O'Ryan, met with very heavy enfilading machine gun fire, but pressed on with great gallantry as far as Jouy, where a bitter struggle took place for possession

of the village. The fighting on the whole front of the 2nd American corps was severe, and in Bellenglise, Noury, and Bellenglise and a number of other points, amid the intricate defenses of the Hindenburg line, strong bodies of the enemy held out with great obstinacy for many hours.

"These points of resistance were gradually overcome, either by the support troops of the American divisions or by the 5th and 3rd Australian divisions."

The many friends of J. D. Hefley, Sr., are delighted to have his smiling countenance back on the streets of Cameron. Mr. Hefley had a bad siege of sickness which included two serious operations at the Temple Sanitarium but has pulled through and his ever smiling face is growing brighter each day that comes, he is again a well man and his friends in Cameron and Milam county rejoice with him over this fact.

Boy Scouts to Plant Trees.

In order to give permanent expression to "All Colonel Roosevelt stood for to the boys of the nation," sixteen thousand troops of the Boy Scouts of America, comprising 440,000 members, were instructed Wednesday to plant one or more trees with suitable inscription and ceremony in memory of the former president, the national council of the organization said in a telegram of condolence sent to Mrs. Roosevelt at Oyster Bay.

Mr. Knox Edward Tidwell and Miss Allie May Hill of Gause were married last night at the Baptist parsonage, Rev. B. B. Blaylock officiating. The happy couple will make their home in Gause.

David McKee of Waco was transacting business in Cameron Wednesday.

The Early Irish Potato Crop—Price Prospects.

A number of our subscribers are asking my opinion about the prospect for the early crop of Irish potatoes next spring. While it is yet too early to hazard a prediction, it does now look as though the early crop from the South should bring a fair price in the spring. At present the price of Irish potatoes is too low for profit. As I do not grow the late crop for lack of room, I buy my winter sup-

ply and have put the potatoes in at \$1.20 a bushel. Under present conditions there is not much for the grower at this price. It is true that the grocers are selling them in small quantities for a great deal more, but mine were bought direct from the field and represented all that the grower could get for his crop. But I note that the Department of Agriculture is urging consumers to put in their winter supply of potatoes now, evidently concluding that the price will be higher. There was a smaller area planted in

the North this year and the crop is not heavy, and the chances are that the market will be pretty clear of old potatoes in the spring, and the Southern crop should sell well. I will watch all changes, and if the prospect changes will say on this page.—Progressive Farmer.

The Quinine That Does Not Affect The Head
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE, 25c.

Planting Seed and Feed For 1919

In addition to our stock of Plantation Supplies of Groceries, Clothes, Shoes, etc; we have added a line of planting seed of good varieties such as are required in this section. Being on the railroad and having our own switch we do not have to pay drayage and up-town rents, and we give the farmers the advantage of this saving.

We have now ready for sale about 2000 bushels of choice Feterita, Maize and Sorghum seed which we are offering at \$4.50 in hundred pound lots. We also have bought 5000 bales of clean bright oat straw, which was never rained on after being cut, which we offer at \$20.00 per ton. Also feeding and planting oats, corn and etc. In fact it will be our intention to furnish the farmers with whatever supplies he requires, both for his own and his renter's use, and we ask that you see our stuff and get our prices before you buy.

Training Little Children

"Come Let Us Live With Our Children"—To Live With the Children Means to be Interested in Them and Play With Them, to be Honest With Them, and to Have Faith in Them.

Suggestions by mothers who have been kindergartners. Issued by the United States Bureau of Education, Washington, D. C., and the National Kindergarten Association, 8 West Fortieth Street, New York.

(By Mrs. Ethel G. Young.)

I am a mother of three children; Betty, aged six; Bob, four, and Jack, who is two. Up to the time Betty was four years old she had always been a very nervous child and needed constant entertaining. I hesitated to send her to kindergarten, but after reasoning with myself, I finally decided to send her. The concentration required in the two years she spent in kindergarten made a different child of her, and she can amuse herself now for many hours at a time.

Bob entered kindergarten about three months ago. He is a quiet child and needs to be brought out of himself. He seems to be getting needed help in the kindergarten, for, in the short while he has been there, he has become more talkative and active. He now enjoys being with other children whereas before he preferred to play alone.

There is nothing more necessary in bringing up children than to have them feel that we are interested in them. Try always to answer their questions. If you cannot satisfy their curiosity, they will surely go elsewhere for their information. When the children come home from school, I ask what they did, what song they sang, what pictures they looked at, etc. They live the two or three hours spent in kindergarten over again by telling me what they have done. I had to leave the children for a week not long ago. When I returned they could not talk fast enough to tell me all that had happened. The habit thus formed of caring to share their experiences with you is a great safeguard as they grow older.

A story at bedtime is always welcomed by the children, and I find that it is not only enjoyable and beneficial to them, but also to myself. They never tire of good fairy stories. Nature stories are always interesting too. My children will choose the same stories over and over again until they almost know them by heart.

Several nights ago I was called away and could not read a story, so I promised one for after breakfast next morning. When breakfast was over and I thought of all I had to do, it seemed as if I were wasting time to sit and tell stories. However, as the children became absorbed in the story and their happy faces looked up into mine, I realized that time could not be better spent. The story was that of Hans and the Four Big Giants, the keynote of which is helping others. I knew that the children had absorbed the point of the story when they helped me afterward to clear the breakfast table.

The kindergarten is a great help in making children independent. Each child is taught gradually and in a playful way, to help himself. In a class of forty, John does not like to be the only one who cannot put on his rubbers or button his coat. Perhaps you will say you can teach independence at home. Granted, you can. The trouble at home is that we too often do too many things for our children. At home, too, we lack the group work so beneficial in the kindergarten. It develops the social side of a child as well as his ability to be of service.

Orderliness is another aim of the kindergarten. It should also be the aim of every household. In kindergarten all the material is kept in order. It is given out and collected in an orderly way and each child is taught to pack up his material after he has finished with it. There is always a place for everything in the kindergarten, and the child learns to put everything in its place.

If your child is not orderly at home, do not blame him until you first put yourself in his place and see if you are expecting the impossible. We have discovered in our family that by making things convenient, the children will keep things in order. In our coat closet we have a box for rubbers and another for toys. We have put within reach two hooks for each child's clothing. On the door there is a bag of several pockets for gloves. Even the two year old boy puts his things away and I have never taught him to do so. He learned by observing the others. Just the other night he cried while I was undressing him because he remembered he had not put his train away. Let each child have a separate place for his toys for

they so enjoy being owners. If one is neat and another careless, it would be very discouraging for both to keep their things together.

Not so long ago I spent a most enjoyable afternoon coasting with the children. A neighbor who saw me said: "You surely are a child with your children." She unconsciously paid me a compliment. If I can only make my children feel that I am interested in everything they do, I am certain I will have and keep their confidence.

Please pass this article on to a friend and thus help Uncle Sam reach all the mothers of the country.

Make Thousands of Dollars, Get Ahead of the Other Fellow by Picking Scraps of Time From the Waste Basket.

Abraham Lincoln would split rails all day in the forest and then after his day's work, would walk five miles to borrow a book to study and improve himself. It is said that George Washington, in answer to a question of his mother as to why he studied so late at night, replied that he was working out the destiny of his country, and he did.

There are hundreds of young people today who are desirous of gaining a practical education, but, for one reason or another, they cannot leave home to secure it, so they drag along from one year to the next in the same old rut. There are hundreds of others who cannot attend our school in person but who are availing themselves of the opportunity offered by our college, saving their leisure moments and investing them in an education that will mean thousands of dollars to them in the coming years.

You may say that you're not able to take a course, but the person who can least afford it is the one who needs it most, who should get it by all means at any sacrifice; it does not cost much.

Young friend take advantage of your opportunity to gain a business education, use the moments that would otherwise be wasted. Spend an hour after nightfall in the long winter evenings qualifying yourself with a knowledge of the famous Byrne Shorthand, Practical Bookkeeping, Typewriting, Arithmetic, Grammar, Writing, Salesmanship, and business efficiency, Advertising and Telegraphy by which you will make the business world readily pay cash for your services.

Helps Sick Women

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, ... and the pains were very severe. A friend told me I had tried everything else, why not Cardui? ... I did, and soon saw it was helping me ... After 12 bottles, I am strong and well."

TAKE

CARDUI

The Woman's Tonic

Do you feel weak, dizzy, worn-out? Is your lack of good health caused from any of the complaints so common to women? Then why not give Cardui a trial? It should surely do for you what it has done for so many thousands of other women who suffered—it should help you back to health.

Ask some lady friend who has taken Cardui. She will tell you how it helped her. Try Cardui.

Everybody is invited to attend these services.

W. G. Harbin,

Pastor.

Death of John W. Gandy.

Monday night, January 6th, at eleven thirty o'clock Mr. John Gandy died at his home in North Cameron. His death was occasioned by pneumonia which followed influenza.

Mr. Gandy was born in 1882 and was reared in Milam county, most of his life being spent in Cameron. In 1906 he married Miss Parker of Bell county. Two children blessed their home the oldest of whom died in 1908. He is survived by his wife, a seven year old daughter, his mother and two brothers.

The funeral took place Tuesday afternoon at three o'clock from the family residence. Rev. B. B. Blaylock, in the absence of Rev. W. G. Harbin, the pastor of the deceased, conducted the services. Mr. Gandy was a Mason and was buried with Masonic honors.

The citizenship of Cameron regrets exceedingly the loss of this man from their town. The Herald joins with Cameron people in extending sympathy to the bereaved.

Teachers' Examination.

A special examination for teachers' State certificates will be given at the court house in Cameron on Friday and Saturday, January 24 and 25. The examinations will begin promptly at 8:30 o'clock and 1:00 o'clock each day and applicants are requested to be punctual. Uniform examination paper will be furnished by the Board of Ex-

SPECIAL NOTICE TO SUBSCRIBERS

By an order issued by the War Industries Board last September we are not allowed to send you the Cameron Herald unless your subscription is paid in advance. We call your attention to the little yellow strip on the front page of your paper and if same reads anything prior to 1-19, your paper will be discontinued after this issue, or if you find this paragraph marked with a blue pencil it signifies the same thing unless you date reads 1-19. In the latter case we will send the paper until February 1st when same will be discontinued.

THE CAMERON HERALD.

Farewell Party.

On Friday afternoon Misses Ada and Winnie Henderson entertained in compliment to Miss Mary Lake Henderson. The club associates of the honoree were the guests on this occasion.

The delightful hospitality of the hostesses almost overcame the remembrance that this was the farewell party to Miss Mary Lake before she started on her Y. M. C. A. work and a thoroughly good time was enjoyed.

An interesting game and an equally interesting contest gave diversion in the early part of the afternoon.

The guests were then invited into the dining room where the table, artistically embellished with red carnations, was presided over by Misses Harriet and Agnes Henderson. The hostesses, assisted by Mesdames T. J. Denson, Wm. Henderson and Ben Atkinson, served a delightful salad course of refreshment followed by marshmallow dainty and fruit cake.

Mrs. W. O. Triggs, in her usual pleasing manner, then took charge and, as toastmistress, introduced the following toasts:

Miss Beth Jeter, "Bon Voyage," Miss Minnie Wolf, "Overthere," Mrs. Roy Baskin, "The Y Girls" and Miss Mary Lake Henderson, "Over Here."

Each guest, before her leavetaking, was asked to inscribe a recipe in a daintily decorated book provided for the purpose. This book was presented to the honor guest with the request that she try out the contents on the boys "Overthere"—fortunate boys!

The guests also left steamer letters to be read by Miss Mary Lake on her trip across.

A Guest.

Dinner For Miss Henderson.

Miss Mary Lake Henderson's departure for overseas service with the Y. M. C. A. was the occasion of several social events last week. The first of these delightful affairs was a four course dinner given at the Auditorium Hotel New Year's evening by the girl and young women friends of Miss Henderson.

The table was lovely in its red and green decorations. Crystal candlesticks with red shades were placed at each corner of the table. The centerpiece harmonized with the season and the weather with its red bells, poinsettias, evergreen and snow balls.

Dainty cards in New Year designs marked the places of the guests. Conversation, laughter and soft music made the evening lively. The honoree was presented with a corsage bouquet of poinsettias.

The hostesses of the evening were: Mesdames J. C. Martin, Roy Baskin, S. M. Burns, Jr., Stanley Boles W. O. Triggs and Misses Beth Jeter, Vance Hardy, Clara Thomas, Minnie Wolf, Sallie Kate McLane, Winnie Henderson and Alice and Olive McThee.

Honoring Miss Henderson.

Mrs. S. M. Burns, Jr., honored Miss Mary Lake Henderson with a tea on last Thursday afternoon. The guests who enjoyed this hospitality were the young married women and girl friends of Miss Henderson.

Mrs. Burns' lovely little home was prettily decorated in pink and green. These chosen colors found expression in cut flowers and ferns which were used throughout the house and in the favors for the guests.

The guests were met at the door by Miss Winnie Henderson. Mrs. Burns and Miss Mary Lake Henderson formed the receiving line. In the dining room Misses Beth Jeter and Vance Hardy poured tea and coffee, while Mesdames Roy Baskin and Stanley Boles and Misses Harriet and Agnes Henderson served the salad course to the guests.

A delightful afternoon was spent. A congenial crowd, big roaring fires and such surroundings were conducive to good cheer. The members of the house party added to the loveliness of the scene in their dainty colored evening dresses.

Mrs. Denson Entertains.

Thursday morning Mrs. T. J. Denson entertained with a breakfast, naming Miss Mary Lake Henderson as honoree.

The guests of the occasion were Mrs. W. O. Triggs, Misses Mary Lake and Winnie Henderson, who with Mrs. Denson attended the Democratic State Convention in Waco last September. In order to recall the happy day spent there, the hostess conceived the idea of giving this farewell breakfast to the one of the party who was leaving for overseas work.

Red and green were the favored colors and these were found in the table decorations. Poinsettias formed the centerpiece. A dainty and delicious four course breakfast was served while reminiscences, jokes and mirth made the morning gay.

Clothes must be evenly sprinkled if they are to iron well.

All shelled beans may be cooked the same as lima beans.

The sword is sheathed. The laws of God and the justice of popular government have been vindicated.

Victory for the cause of righteousness has broken shackles, the sources of which have made free men shudder for centuries.

Universal sadness gives way to universal gladness, the dawn of a brighter day is beautiful to behold, "Peace on Earth, Good Will Toward Men" now has greater significance.

Let bells ring out the glad tidings of civilization's triumph over forces of medievalism.

With your mind released from constant thoughts of human suffering, may the blessing of peace contribute generously to your prosperity throughout the New Year.

Mother's Club.

The Mother's Club met in regular session in the school auditorium on Wednesday afternoon, January 8th. The meeting was called to order by the president, Mrs. R. P. Jeter, after which the "Dixie Girls" sang two pleasing selections. The expenditures of the club charity funds it was reported had been directed by Mrs. J. G. Vest.

Mr. Kidd then told the ladies of the need of a new piano for the High School, and a Edison or a Victrola for the grades. After a discussion of this need the club voted to pledge \$150.00 of the amount needed and to raise the entire amount before January 1, 1920.

Mrs. Roy Baskin read a very inter-

esting paper on "The Practical Value of Humane Education." Miss Olive McGhee talked entertainingly on "Why Children Like Animals."

The club voted to have an open meeting on the first Thursday evening in February. Mesdames Jim Meyers joined the club.

Sunday dinners should be lighter by boiling, but by steaming.

Almost any left over vegetable can be used for a cream soup.

Almond fondant is an interesting abais for almond-topped candies.

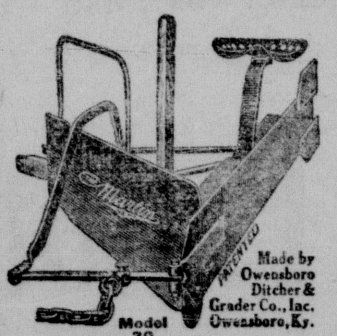

Grape jelly can be melted and diluted to make grape juice.

Cuts a V-Shaped Ditch Builds Farm Terraces

YOU will never begin to get the most possible profit out of your land until you solve the ditching and soil-washing problems. Begin now. This month. Get ready to raise really big crops and make sure of a crop every year.

THE Martin
Patented

Farm Ditcher, Terracer and Road Grader

The best tool in the world for building terraces to stop the washing away of top soil on hillside and rolling farms; the best for cutting new ditches, back-filling after tiling, cleaning out old ditches, filling gullies, leveling bumps and grading roads. The most important tool ever brought onto the farm. Was needed before the plow.

Does Work of 100 Men

The Martin is made of steel and does not wear out. Will work anywhere and throw dirt either way. Adjustable and reversible.

VOLUME 41

CAMERON, MILAM COUNTY, TEXAS, THURSDAY, JANUARY 9, 1919

NUMBER 37

CAMERON TO HAVE A REAL ORCHESTRA

J. N. Crawford, New Principal Of
High School Has Organization
Perfected.

A real, sure enough melody making orchestra will soon become an important asset among the different activities at the Cameron High School, if plans now being formulated by Principal J. N. Crawford are materialized. Already the prospective members have been brought together in practice periods, where they have convinced their leader that they will make good harmony distributors.

According to information from Mr. Crawford the orchestra will have twenty five pieces, fifteen violins, cornets, baritones, bases and other instruments. The instructor finds that many of his pupils are to a certain extent familiar with music.

In a short time, it is estimated, the Cam-Hi Orchestra will be in a position to furnish some real music to the people of Cameron.

Prof. J. N. Crawford, in charge of the orchestra, has been the organizer of several high school bands and orchestras. He has studied music under some of the best instructors in the South, also in the American Conservatory in Chicago. Within a week he expects to be able to give the complete personnel, with announcements soon for the first concert.

The Herald is in a position to say that from former efforts in band organizations Mr. Crawford is an organizer of the best kind, since it is a fact that we knew of his efforts in Waxahachie, when the now nationally known Lone Star Band was organized some few years ago by this gentleman. The Lone Star Band of Waxahachie has more than 80 instruments and is a band second to none in the Southwest.

FARM 'COUNTING IN THEORY AND PRACTICE

H. M. Elliott, Farm Economist, Extension Service, A. & M. College of Texas.

The city business man believes that his farmer friend should keep accounts and chides him for not doing so. The farmer agrees with his business friend buys an account book, and on January 1, next, begins to keep a systematic record of his business. He is now able to know by referring to his records how his account stands with each one with whom he has business dealings. He takes an inventory at the beginning and end of the year and knows how much he has got ahead during the year. From the inventory and from the record of sales and purchases he is able to answer the questions asked of him on the income tax blanks. This is all highly valuable and the farmer at the end of the year feels amply paid for his trouble.

But there is still another question confronting him. It is the question the business man really had in mind. What is the farmer making money on and what is he losing money on, and how can he modify his business so it will bring in more money in the future? To make his accounts answer this most important of farm problems the farmer must keep certain records and summarize these records. The task is not so difficult as it at first seems.

Any farmer has four important reasons for keeping accounts:

1. He should know how his accounts stand with his neighbors and others with whom he has dealings on credit.
2. He should know how much he has got ahead financially during the past year, and if possible during a series of years.
3. Successful farmers will need to make out income tax reports. This can be done with less trouble in the long run if an inventory and a record of sales and purchases are kept.
4. A farm business to be most successful must be carefully planned from year to year. This planning can best be done only when sufficient records are kept to give fundamental facts upon which the farmer may base his reasoning.

Because of these reasons and of the many requests that are coming, the

COL. ROOSEVELT'S CAREER IS ENDED

Former President Of United States
Passes Quietly Away Monday
Morning.

Col. Theodore Roosevelt died in his sleep early Monday at his home on Sagamore Hill, Oyster Bay, N. Y. Death is believed to have been due to rheumatism which affected his heart.

The colonel suffered a severe attack of rheumatism and sciatica on New Year's day, but none believed his illness would likely prove fatal. The former president sat up most of Sunday and retired at 11 o'clock that night. About 4 a. m. Mrs. Roosevelt, who was the only other member of the family at Oyster Bay, went to her husband's room and found that he had died during the night.

The immediate cause of Colonel Roosevelt's death probably was pulmonary embolism or lodgment in the lung of a clot from a broken vein, it was stated by one of his physicians.

Mrs. Roosevelt telephoned to Colonel Emlen Roosevelt, cousin of the former president, and he came to the Roosevelt home immediately. Telegrams were dispatched to the colonel's children, who were in other parts of the country. Two of the colonel's sons, Major Theodore Roosevelt, Jr., and Captain Kermit Roosevelt, are in service abroad. Captain Archie Roosevelt and his wife left New York last night for Boston, where the captain's wife's father is ill. Mrs. Ethel Derby and her two children are in Aiken, S. C.

Telegrams of condolence and sympathy began to pour in from all parts of the country as soon as the news of Colonel Roosevelt's death became known.

The former president came to his home on Sagamore Hill from the Roosevelt Hospital on Christmas day, but a week later was stricken with a severe attack of rheumatism and sciatica, from which he had been suffering for some time. The rheumatism affected his right hand and it became much swollen. He remained in his room and efforts were made to check the trouble. Last Saturday the colonel's secretary, Miss Josephine Stricker, called to see him, but the colonel was asleep in his room.

Miss Stricker said that no one had any idea that death was so near at hand. Flags were placed at half mast in Oyster Bay today.

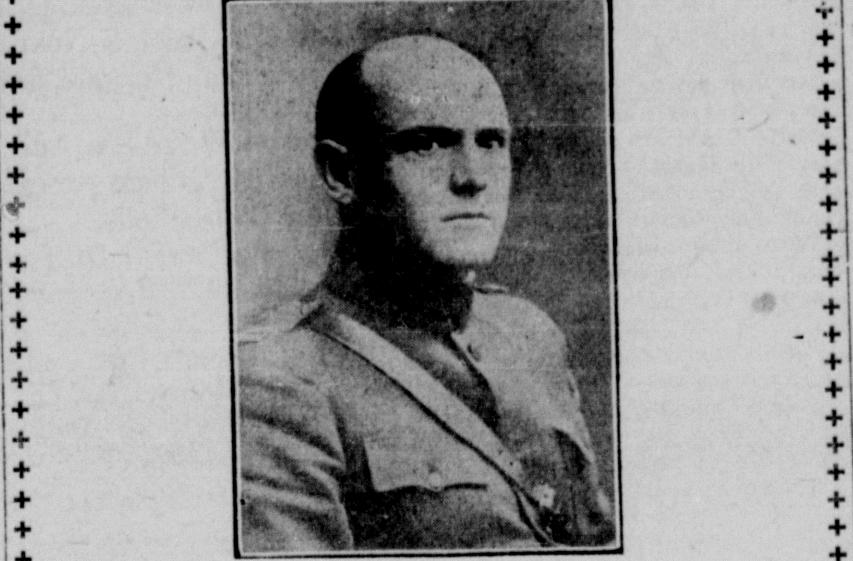

Civil Service Examination.

In keeping with original plans the local postmaster, Judge Ed English, announces that civil service examinations will be held in the post office building in Cameron on the coming Saturday. Two men are to be selected from those taking the examination to act as carriers for the local city delivery system. One will be a carrier, and one a substitute carrier, who will deliver packages. Judge English believes that this will enable the department to put free delivery in Cameron in full force and effect by February 15th.

Extension Service is now preparing a bulletin on farm records and accounts. The bulletin will be off the press about the middle of January and will then be ready for distribution. In the meantime all farmers who wish to keep books for any of the above reasons should proceed as follows:

1. Go to any book store and ask for a single entry ledger. This differs from a journal only in having an index. It will cost from thirty-five cents to fifty cents and will last several years.
2. Write the Extension Service, College Station, Texas, for directions in taking an inventory and in keeping a record of sales and purchases.
3. On December 31, take an inventory of all farm property. Set aside this day for this one job. It will be the best paying day of the year.
4. Begin on the same day to make a daily record of sales and purchases.
5. Directions for record of crops and live stock will be given in the bulletin which will be mailed in time for the January record.

MAJOR D. E. MONROE

MAJOR D. E. MONROE

Major D. E. Monroe, son of Dr. and Mrs. D. Monroe, is one of the Cameron boys in overseas service. Before he entered the army Major Monroe was one of the leading physicians of the city.

Early in May following America's entry into the war, Major Monroe volunteered his services in the medical branch of the army. But it was not until the first of October that he received his call to report for training at Camp Greenleaf, Fort Oglethorpe, Ga. He entered this training school as first lieutenant. He was assigned to the ambulance section of the work given here. In the spring he was made captain.

As a member of the 7th Division

he left Camp Greenleaf in July for overseas duty. Before leaving this camp he was recommended for his Majority.

As a member of the American Expeditionary Forces, he spent a month in an officers training school overseas. Then he was transferred to a base hospital where he worked for a while. Later he was sent to an evacuation hospital and then to the front. He received his commission as Major in August.

Major Monroe was at the front at the time of the signing of the armistice. He came out safe and sound. At present he is at Phuicourt, a little town about eighteen miles from Metz.

EVANGELISTIC SERVICES TO START SUNDAY, JAN. 12.

Evangelistic services under the direction of Rev. O. F. Zimmerman will begin at the Methodist church on Sunday, January 12, to continue through the following week, according to information received from Rev. Walter G. Harbin, local Methodist pastor.

Rev. Mr. Zimmerman, widely known as "Zim" comes to Cameron with a high recommendation as a proponent of the gospel. He is quoted as "the man who started a new era in evangelism."

Everyone is invited to these services, regardless of whether they are Methodist, Baptist, Presbyterian, Christian, Lutheran, or what not, announces the pastor. Music will be directed by Miss Bonnie Brougher, assisted by the choirs and singers of other churches, the combination of which are expected to furnish especially attractive music. Bro. Zimmerman will preach his first sermon in Cameron on Sunday morning. At 3 o'clock in the afternoon Rev. L. B. Elrod will hold the first quarterly conference of the Methodists for the year 1919.

High School Activities

Basket ball is fast coming into popularity at the Cameron High School. Already the basket ball team has begun its work of the season with good material and peppy coach, J. N. Crawford. It is a team with a goal in view, says Mr. Crawford.

"We're going to beat Waco," is the slogan of the day for the high school basket ball squad. Waco, it is said, has already laid claim to the state championship early in the season. Cameron's husky basket ballers intend to stop Waco's team in its flighty ambition from the start.

A Boys' Glee Club and a Girls' Choral Club are being organized at the Cameron High School under the direction of Miss Bonnie Brougher and Miss Goddard, respectively. Meetings were held Tuesday afternoon to make plans for the perfection of these two organizations.

The many friends of Mr. S. A. Cottle will be interested to know that he has just arrived in France. Mrs. Cottle is living in Bryan while her husband is in the service.

S. M. U. WILL BUILD \$250,000 MEMORIAL

University Officials Decide To Erect
Hall In Honor Of American
Soldiers.

A memorial hall in honor of every man in the service from Texas and contiguous States will be erected on the campus of the Southern Methodist University. This decision was reached at a meeting of the executive committee of the board of trustees held in Dallas last Friday afternoon. The building is to cost \$250,000.

The new building will be erected just southwest of the main university building. Dr. Robert Hyer, R. H. Sauttles and Frank Reedy were appointed as a committee to begin immediate work on the details of construction, such as securing plans and specifications. The building will be fireproof and modern in every way with an auditorium sufficiently large to care for all meetings, conventions and church gatherings that come within the scope of Methodism and the work of the university. The architecture, Mr. Reedy said would be attractive and impressive, something the university officials can point out as the pride of the Southwest.

Plans that have been under consideration by the board for the last year were discussed and finally adopted at the committee meeting yesterday. The building will have a capacity fully adequate for many years in the future. Work will be started just as soon as material and labor can be obtained at a reasonable price. In discussing this feature last night Mr. Reedy said that this does not mean that it will be a year before work is started, but only a few months and the end of 1919 will probably see the completion of the memorial hall.

Representatives of the Southern Methodist University now engaged in field work in various states are securing names of men in various branches of the service. These names are not confined to membership of the Methodist church and neither are they confined to families affiliated with this denomination. The University board plans to finance the memorial largely by donations to the fund from members of families whose relatives were in the service, such denominations to be made in honor of the soldier. The minimum donation will be \$10 and will include men in the S. A. T. C. up to the highest officer.

The memorial feature will extend throughout the building and anyone desiring to furnish a certain part of it as a memorial to a friend or relative in the service will be permitted to do so. Rooms, windows, furnishings of various kinds may be designated as memorials.

The names and service records of all soldiers will be assembled in groups and placed in appropriate places in the building.

John H. Davis.

The death of Mr. John H. Davis occurred Thursday morning, January 2, at his home in Sharp. Mr. Davis was a son of Mr. and Mrs. Dan Davis of Sharp and a brother to Mr. Judd Davis of this city. The funeral took place Friday morning at the Presbyterian church in Sharp. The services were conducted by Rev. B. B. Blaylock.

Mr. Davis was one of the leading citizens in his community. He was respected and esteemed by all who knew him. About six months ago his wife died leaving a little son. Besides the son and mother and father, this worthy man leaves a host of other relatives and friends to mourn his untimely death.

The Herald joins with the citizens of Cameron in extending sympathy to the bereaved family.

Entered Business in Waco.

Clifton Howard, a Cameron boy recently married to Miss Rena Gilliland of the Tracy community, has gone into the gents' furnishing business in Waco, according to his statement last Tuesday. He returned to Cameron Tuesday to be accompanied to Waco by his wife. Mr. Howard reports a desirable location for his business on Waco's main thoroughfare, Austin Avenue, between 6th and 7th streets.

WOUNDED SOLDIER IN 90TH RETURNS

Henry B. McLellan, A Noble Son Of
Milam Returns And Relates Hor-
rors Of War.

Henry B. McLellan is one of the first of Milam County's wounded to return from the battlefields of France. McLellan, whose home is in Milano, fought with the 90th Division, 360th Infantry, was wounded on the St. Mihiel front in the famous drive of the 90th Division on September 17th, and returned to this country with a shattered arm on December 19th.

The wounded soldier was a visitor in Cameron during the first part of this week, while on a furlough from Fort Sam Houston, where he is stationed for treatment of his wound. He will return to Fort Sam Houston next Tuesday.

The young man, a big fine specimen of Uncle Sam's fighting type, reviewed leisurely his experiences with the famous 90th. "We were kept on the front for 74 days, and we suffered casualties amounting to 66 per cent of our number of fighting men. That was a badly shot up bunch before the thing ended. I went over the top at two different times before I was wounded, and the last time I was winged. When a fellow hears the order to go 'over the top' he just thinks to himself, 'Well here goes nothing, so go to it.'"

McLellan says he was struck by a shrapnel shell in the midst of an attack on the St. Mihiel front. His left arm was almost completely shattered. Four inches of bone were found missing about his wrist as he was removed to a dressing station behind the lines. Muscles were torn to such an extent that the arm is now practically useless. The arm is continually carried in a sling.

McLellan's father is Mr. J. A. McLellan of Milano, Texas. The wounded soldier returned to this country by way of New York and will be held by Uncle Sam until complete recovery. Should his arm fail to function again the soldier will probably be given a special vocational education, plans for which are now being worked out by the federal government.

REV. ROBERTS CALLED TO CAMERON CHURCH

Former Pastor of Christian Church at
Rockdale and Thorndale Accepts
Pastorate of Local Church.

Rev. R. E. Roberts who has been pastor of the Christian Church in Rockdale for the past two years has accepted a call to the Christian church in Cameron. Mr. Roberts is an estimable man, a good preacher and excellent pastor, and Cameron is indeed fortunate to have him for a citizen.

Rev. Roberts and family which consists of his wife and daughter, Miss Verna, arrived in Cameron Monday where they will make their new home. They will occupy the house belonging to Dr. T. A. Pope and situated just south of Dr. Pope's residence.

Rev. Roberts will preach in Cameron the first and third Sundays of each month. The members of the Christian church are delighted with the acceptance of Mr. Roberts and they feel that under his leadership the church will grow in every endeavor. Rev. Roberts was pastor of the Christian church at Thorndale before going to Rockdale and an acquaintance there, formed by The Herald man, with this estimable gentleman and his family beehoves us to commend them in the right term to the citizenship of Cameron as good Christian people of the highest type. Rev. Roberts is a man whose ideals are high, his every aim in life is to make the world better around him and his services are always ready with those in need. He is a man of God. He is a good man.

The Herald takes pleasure in welcoming this new family as citizens of Cameron.

Thos. N. Herring, Local Manager

Cameron, Texas, January 9, 1919

Apologists for the kaiser are now saying he is and always has been afflicted with insanity. So was Herod, Nero, Abdul Azziz, et al.

We all believe in the "eternal fitness of things," but there's no use in throwing a fit when things don't fit, as you are not fit when you throw a fit.

Pink Gresham is entitled to the credit of giving, in the Pythian Knight, the most complete and exhaustive account of the meeting of the editorial veterans at Rockport. Pink told it all.

The best statistics obtainable say that approximately half a million people have died of the flu, and the disease is still claiming victims. Take every precaution to escape it, and don't be deceived in the idea that you can't have it twice. This is not to frighten you, but to make you careful.

George Robinson asks in the Waco Times-Herald: "Why not put some of our surplus cash into small factories already under way?" "Our" surplus cash sounds just a little queer to us, if you are speaking of your surplus cash, George, all right; stick it into any old factory, large or small. As

for our surplus cash, it wasn't quite enough to pay for all the capital stock in a pair of shoes recently purchased.

Germany surrendered a fleet of war and other vessels worth way up in the millions. Fear that the victorious allies might fall out over a division of the spoils caused the foolish suggestion that all German ships surrendered be sunk. This would be such a rank piece of foolishness that the very monkeys of Africa would grin in derision. Those ships are worth as much, in times of peace at least, to the allies as they were to the Germans. As to quarreling over the spoils, no one nation of the allies will be allowed to hog more than a just share.

The teachers' institute at Dallas passed a resolution to petition the legislature to pass a law providing that county superintendents of schools be elected by the board of education. Commenting on this, John E. Davis, representative from Dallas county, says in his paper, the Mesquite Messenger: "The passage of this bill is being urged by most of the teachers, who sincerely believe, we are sure, that a small body of men whose business it is to make a special study of school affairs can and will exercise better judgment (than the people) in the selection of a county superintendent." Admitting that such a bill would have passed two years ago but for his vote in the thirty-fifth legislature, Mr. Davis goes on to say: "I oppose this bill because it proposes to take the power away from the people and place it in the hands of a few. I believe in the right of the people to rule and am willing to trust them, though they sometimes make mistakes. Boards do too, for that matter." We have not studied this bill closely, nor heard any arguments pro or con; but the right of the people to rule is one of the basic principles of democracy. When you take away one of the foundation stones upon which a building rests you necessarily weaken the edifice. To place too much power in the hands of the few is a dangerous experiment. Germany tried it, and Germany is—John, we reckon you are about right.

In nearly all the industrial establishments in England where women are employed there are women police forces.

The Time-Losers.

Albany News: Whether we have good roads or not, we pay for them just the same. The roads are fierce now, and all traffic is at a standstill. A man with a team or a truck will lose a whole week on account of bad roads, and his loss in those six days will amount to as much or more than he would pay on a \$100,000 bond issue in forty years.

As a rule the bad roads advocate considers his time worth but very little, and very often he is right. But impassable roads are exceedingly expensive to those whose time is valuable and who need to use the roads. Much of the west was settled by families moving from the East and making their way along dim trails, or without even that advantage. But those hardy immigrants had a lifetime in which to get wherever they were going. Also they knew that after they got to where they started, probably they would go on still farther. Conditions which may have suited a movable frontier settlement do not necessarily suffice for a settled and stable community today. Towns and counties which remain shut in through the winter months, for lack of negotiable roads, lose nearly half the year. Such loss of time, as above set out, may be of little consequence to those who would utilize it to no purpose, but it is a severe strain upon the active population, mentally as well as financially. If Shackelford County doesn't use some of its oil money with which to build modern roads it may confidently expect its oilmen to get away as soon as possible and locate where they can move around freely.

Paint All Buildings.

It has always been profitable to spend money in painting farm buildings but it will now pay better than ever before.

Building material is more costly than has ever been the case in the history of our nation; and skilled workmen are also expensive and hard to get. There is also little chance of labor and building material becoming much cheaper, so buildings already erected or in the course of construction should be preserved by a coat of good paint.

In winter is a good time to do such painting for two reasons. First, there are no bugs and gnats and dust in the air to collect on the sticky paint before it dries. Second, the farmer and his help have little to do at this season and can take care of the work with almost no outside help.

Let's not delay painting the exposed buildings any longer.—The Progressive Farmer.

Mr. McAdoo has made an elaborate argument in favor of government retention of the railroads until 1924. At the end of that time, we take it, he thinks the success of the undertaking would be clearly demonstrated and then an indefinite extension of the control. Our guess is that Mr. McAdoo has fired the opening gun in the presidential campaign, with the railroads the paramount issue. More and more does it look as if McAdoo and Borah would face each other in next year's contest unless, of course, there is a wave of enthusiasm for Pershing that will upset all calculations.—Waco Times-Herald.

Tonnage Built in 1918 Was 2,721,281

American shipyards built 1882 vessels of 2,721,281 gross tons during 1918. Reports of the bureau of navigation of the commerce department made public show this total, of which all but 124,000 tons represented sea-going ships, the sea-going steel tonnage alone aggregating 1,861,321 gross tons.

The bureau's figures for 1917 construction show that 1,034,000 gross tons were constructed by American shipyards.

November was the month of greatest construction in the history of American shipbuilding, 171 vessels of 357,660 gross tons of sea-going ships being produced. In December the bureau reports only 153 ships were completed of 283,359 tons.

Approximately 600,000 women were allowed to participate in the recent elections held in England.

A Tonic Laxative

that will remove the bile from the liver and cleanse the system THOROUGHLY without griping or disturbing the stomach is truly a Perfect Laxative.

LAX-FOS WITH PEPSIN

is the name of a Reliable and Perfect Laxative which relieves Sick Headache, Distress, Indigestion, Stomach Trouble, Gas and Piles caused by a Torpid Liver and Constipation. Always use a Reliable Laxative in the treatment of Colds, Grip and Influenza.

LAX-FOS WITH PEPSIN is a Liquid Digestive Tonic Laxative excellent in its effect on the system, both as a tonic and as a laxative. It is just as good for Children as for Adults. Pleasant to take. Children like it. Made and recommended to the public by Parke, Davis & Co., St. Louis, Mo., manufacturers of Grover's famous child food.

Eggs may be poached and served on rice.

To The Voters of Milam County

I hoped it would be possible for me to visit Milam county and see many of those who so loyally supported my candidacy for the State Senate in the recent election and personally thank them. I find it is impossible for me to do this. I was able to return to Waco only by the afternoon of the day of election, and the Legislature will soon assemble and my personal affairs will require my time in my office until I go to Austin.

The people have honored me beyond my deserts and I shall never be able to show my gratitude. I assure them however, that I will faithfully and energetically give my very best efforts to the duties of the office to which I have been elected. And in this connection I want to urge those who may be interested in legislation or who have suggestions to make with reference to same to write or call upon me and let me have the benefit of their counsel and advice.

Again assuring you of my appreciation of your confidence, and hoping for each a happy and prosperous New Year, I am,

Yours sincerely,
Edgar E. Witt.

The School Situation.

The school situation, not alone here but throughout the country, is critical.

Teachers have not been dealt with as liberally as have other classes of high grade workers, and not as liberally as the general inflation of values demanded.

Practically every other trade of profession has received substantial increases in pay or fees on the ground that the increasing cost of living justified it.

Teachers have had to stand the increased cost of living along with the rest of us, but they have been given no such consideration.

The result is that many of them are leaving the profession, but not nearly so many as will do so later on.—Houston Chronicle.

TWO STARS IN THE NEWEST WORLD-PICTURE

Madge Evans and Johnny Hines
Appear in This Charming
Production.

Two stars appear in the newest World-Picture. They are Madge Evans and Johnny Hines, and the name of the picture in which they appear is "Neighbors." It is a delightful production, and the Wonderland Theater is happy to announce that it will show this picture on Monday, January 13.

"Neighbors" is a story of a small New England town. It is a love story, but the central figure is Clarissa, a happy, enterprising little girl who is superbly portrayed by Madge Evans. Johnny Hines is a young man who is in love with Clarissa's sister, and the role gives him the opportunity for the display of the laugh-making talents for which he is noted. "Neighbors" is clean, delightful, wholly pleasing. See it.

State Fire Marshall Visits Cameron.

Mr. H. B. Savage, Assistant State Fire Marshall of the State of Texas, visited Cameron Monday and Tuesday of this week, inspecting the business portion of the city together with the Cameron Compress Cotton Yards and Warehouse. Mr. Savage says he found many unnecessary hazards, such as accumulation of trash, broken boxes and crates, ashes in wood containers, excessive quantities of gasoline, more than allowed by the state fire insurance rules above ground, ordinary electric cord extensions hanging on nails and metal hooks all of which endanger life and property and which if not corrected will cause the fire insurance rates of the city increased.

Reports show that fully 70 per cent of the fires within the United States are preventable, which by carelessness and neglect including the causes referred to above have been a great loss to our country.

"CARRY ON" FINAL WISH OF SAN ANGELO BOY

Lieutenant James J. Goodfellow of San Angelo, a former student of the University of Texas, who was reported killed in action on September 17, wrote a letter to his parents a short while before he made his final flight over the German lines, in which he indicated that he had a premonition of his coming death. In the closing paragraph of his letter he said: "I have striven to do my duty in this war, and I hope I have not done it all in vain. Do not hesitate or falter until the world is once more safe for women and children, and 'carry on' is my last wish."

Our Job Printing is Better.

'The Birds Fly Southward'

to avoid the cold. And well before the coming of the snow, the thrifty squirrel lays by a store of nuts. The bee remembers that the flowers will fade. All nature seems to sense the coming need. And man, alone, of all the living things, seems blissfully content to live Today as if Tomorrow's sun would never rise."

We defy the very laws of nature when we fail to provide for the future.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher

The Kind You Have Always Bought

THE CENTAUR COMPANY, NEW YORK CITY.

HOGS DYING BY THE SCORE FROM "FLU."

Hogs are dying by scores of influenza and pneumonia in Illinois. The epidemic, which is as bad as the hog cholera of other years, farmers say, seems to be centered in the rich farming districts of Wheatland and Plainfield, Ill. One farm at Wheatland already has lost about \$10,000 worth of hogs in two weeks. The animals seem to have all of the symptoms of the scourge which afflicts human beings. Hogs are being given the serum vaccination treatment in efforts to stay the epidemic. The animals contract a cough and acute pneumonia sets in. Veterinarians seem powerless to check the rapid advance of the disease.

The Strong Withstand the Winter Cold Better Than the Weak

You must have health, strength and endurance to fight colds, grip and influenza. When your blood is not in a healthy condition and does not circulate properly, your system is unable to withstand the winter cold.

GROVE'S TASTELESS CHILL TONIC

Fortifies the System Against Colds, Grip and Influenza by Purifying and Enriching the Blood.

It contains the well-known tonic properties of Quinine and Iron in a form acceptable to the most delicate stomach, and is pleasant to take. You can soon feel its strengthening, invigorating effect. 60c.

DISCHARGES GIVEN FROM TEXAS CAMPS

General March has given the following figures on discharges at Texas camps up to December 28:

Bowie—4023.
Logan—1703.
MacArthur—6848.
Travis—11,555.

Attention Employers

Now that the war is over and the men are returning daily to their former homes, the question of employment is becoming a vital one. The Milam County Council of Defense urgently requests that these returned men be given their old positions where ever possible.

The Council also urges that returned soldiers be given preference in all cases of new positions now heretofore filled, provided such men can fill said positions as capably as others.

These men in many instances, have made great sacrifices of opportunity and position in order to serve their country. It is therefore, a duty that our citizenship owes them to recompense them as far as possible for the losses sustained by them and to see that they secure positions in civil life that will enable them to realize their hopes and ambitions that were interfered with by the war.

The above is respectfully submitted to our citizenship with the earnest hope that the suggestions will be complied with cheerfully.

Milam County Council of Defense, By J. W. Garner, Chairman.

The shortage of male labor has made it imperative for the telephone companies in Kansas City to employ women to hunt wire troubles.

Piles Cured in 6 to 14 Days

Druggists refund money if PAZO OINTMENT fails to cure itching, blind, bleeding or protruding Piles. Instantly relieves itching Piles, and you can get restful sleep after the first application. Price 60c.

Try a Want Ad in The Herald.

Grove's Tasteless chill Tonic

destroys the malarial germs which are transmitted to the blood by the Malaria Mosquito. Price 60c.

Red Cross Notes.

The Milam County Chapter gratefully acknowledges receipt of one \$100.00 Liberty Bond from Mrs. Joe Harlan of Cameron as a donation to this great work. Such examples are inspiring. "Go thou and do likewise"—no limit on this.

Workers are wanted at the Cameron work room every day to make refugee garments for the destitute French and Belgians. While the war is over, the Red Cross still has a duty to perform and we earnestly hope for the continued active help of our ladies as before the close of the war.

The "Xmas" Roll Call returns are not yet all in but the present information indicates a membership of around 6,000 in the County which is not bad while not as good as we had hoped for.

Reports of amounts of cash on hand by all the Red Cross organizations in the county are still desired by the Chapter headquarters where said report has not already been sent in. Milam County Chapter, A. R. C.

"Neighbors" Coming.

"Neighbors" is coming. This will be good news to all lovers in this city of the best in photoplays, because this new World-Picture is delightfully entertaining, interestingly unusual, wholesome and pleasing.

Madge Evans and Johnny Hines are the stars in this production, and each of them is seen in a particularly congenial role.

The Wonderland Theater has secured this picture and will show it on Monday, January 13.

EIGHT MILK DEALERS PROSECUTED AT BRYAN

Prosecution of eight milk dealers of Bryan, Texas, will be asked by the state pure food department at Austin, following analysis of sixteen milk samples collected there by inspectors. Half the samples were found adulterated.

The Jersey Cow.

The recent annual meeting of the Texas Jersey Cattle Club held in Dallas served to call attention to the fact that this state is the home of the largest Jersey cattle herd in the world.

This magnificent herd of registered cream producers is the property of Mr. Ed C. Lasater of Falfurrias.

But there are many Texas Jersey herds and the sales of the club this year have proved that money can be made breeding Jerseys for sale and owning Jerseys for dairy purposes in this State.

South Texas is the ideal home for the Jersey sow. In no other part of the world does she thrive better. Nowhere will she give a richer flow of milk.

And the South Texas farmer who desires to make a financial success of his business will find the Jersey cow one of the best partners a farmer ever had.

During the drouth many dairy farmers were forced to sell their herds. The cattle sold were neither pure blood Jerseys nor pure blood Holsteins. They were grade cows—and they were scarcely paying for their keep when feed was low and water and grass plentiful. But the man with pure blood cows—of either breed—did not find them liabilities but assets during the drouth; and he is still holding to them as the most valuable part of his farm outfit.—Houston Post.

New York's public schools now teach girls cafeteria work, manicuring and shampooing.

The average wages of female workers in England increased 20 per cent in the last two years.

While women physicians are not numerous in Japan some of them there have been eminently successful.

In making tomato soup with milk stewed and seasoned with salt and the tomato should have a little soda put into it before adding the milk.

EFFORTS BEING MADE TO INCREASE VALUE OF LIGNITE

Much progress has been made by the Bureau of Economic Geology and Technology and the School of Chemistry of the University of Texas in perfecting a process whereby the fuel value of lignite may be increased. While the enormous beds of lignite in Texas are used already in considerable quantities for fuel, the product promises to come into much greater demand if the process for its treatment that is now being studied proves the success that is expected.

Grove's Tasteless chill Tonic
restores vitality and energy by purifying and enriching the blood. You can soon feel its strengthening, invigorating effect. Price 60c.

FARM'S FIRE LOSSES FAR TOO GREAT

Marshal English Begins Campaign For Conserving Property In The Rural Districts.

State Fire Marshal Wallace English has inaugurated a campaign for the prevention of fire loss in the rural precincts of Texas. Of a total of \$16,000,000 lost in Texas every year by fire, it is estimated that \$4,000,000 is sustained on the farms, the ranches the timber lands and the prairies of the state. This loss is practically total to the owners of the property, as little insurance is carried on this class of property. While campaigns for fire prevention in Texas have heretofore been limited to the cities and towns, Fire Marshal English believes that 75 per cent of the losses in the country may be prevented by proper measures.

California has nearly 900 women who are eligible to vote.

Miss Jane Stellaine is the only woman marine surveyor in New York City.

Smith Brothers

Ugh! Calomel Sickens; Salivates!
Please Try Dodson's Liver Tonic

I am sincere! My medicine does not upset liver and bowels so you lose a day's work.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your

druggist sells for a few cents a large bottle of Dodson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate. Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tonic straightens you right up, and you feel great. Give it to the children as well.

Time and tide waits for no man---

Are you preparing for next winter? Are you going to wait, wait, wait and buy high-priced feed, the same as you are this winter? Think of this! prepare yourself. Cotton might be six cents next year. Raise feed for your stock, prepare to live at home. If you have fat cows, hogs, sheep and chickens you are independent. You can sell your cotton then at 6 or 20 cents—it is just the same; it is all profit. Make your living at home; have your cotton a side line, then you will change your bank account from red to black, from a note to a deposit slip. Now, this can be done with help of a Silo. The Indiana Silo Company furnishes you a road to prosperity; they have the low price and easy terms, so any one can own a Silo.

Thos. W. Hervey, Local Manager

Cameron, Texas, January 9, 1919

Civilized barbarism! That's the word. It was used by one of the German mouthpieces in attempting to excuse the German acts of atrocity prompted by "necessity."

Uncle Sam's wounded fighters coming back to this country are receiving every attention possible. Those disabled for life will not only receive government aid, as in the past, but they will also be given a vocational education for a new start alongside their fellowmen. Just an example of Uncle Sam's thoroughness.

A business directory will be found by Herald readers in this edition. It is the beginning of a permanent column which will always be found adjoining the locals and personals. Look it over. This is a concentration point for business and professional activities in Cameron. We urge you to keep in touch with our business directory.

A great man in America has died. Theodore Roosevelt's death last Monday morning was a complete shock to the nation. The name of this man is not confined to America, but is familiar in all parts of the world. Twice president of the United States, a leading light for the Republican party until the time of his death, popular politician, statesman, author, and hunter, "Teddy" was a cosmopolitan man. Greatness will forever be associated with his name in history.

McAdoo suggests a five year period of trial for government operation of railroads in the United States. The short and turbulent trial given government operation up to the present, he says, is insufficient for basing a conclusion as to what disposition should be made of the railroad problem. Although government operation of railroads has not been highly successful in this country under the strain of war, it is possible that under normal atmosphere of peace this

plan will prove commendable. At any rate, if it takes five years to prove or disprove government operation, a good solution for the railroad problem, why not extend it? If anyone in the land is in a position to offer suggestions on the railroad problem it is Wm. G. McAdoo.

"Smile every morning until 10 o'clock and the rest of the day will take care of itself." Such is the substance of an old and popular slogan. Try it. When you get up in the morning begin with the smile. Don't mind the cold or the stick of wood dropped on your numb toes while starting the fire, or the fact that the laundry has not come in spite of the fact that you have a clean shirt to your name, or the grumbling neighbor or the fall on the frozen ground that nearly cracked your head open. Just smile it all off. The slogan works.

TIME TO CLEAN UP.

In the past it has been the custom in Cameron to have occasional Clean-Up Days during the year, by the Civic League. These efforts were not strongly supported by the city and as a result, in spite of conscientious efforts on the part of those in charge of the work, Cameron has not been kept so clean as it should be kept as a city.

It is up to the people of our town to get behind this move now under

the direction of the Civic League and see that Cameron is systematically kept clean in the future. Why not place this under the leadership of the City Council, backed to the utmost by any and all of Cameron's leading organizations. The cooperation of the Cameron Commercial Club is an essential factor.

We are just emerging from a serious epidemic of influenza, the most serious of many years. It is said that the germs of this disease remain indefinitely in secure hiding places, that the disease is liable to break out in a rage at any future time unless proper precautions are taken against it. Any physician will agree that nothing offers a better protection to the loathsome germ than filth piles, cans, rotten material, trash, and such nuisances. These are favorite hiding places. Let us give them no quarter in Cameron. Clean every untidy corner, and pick up every old tin can.

A clean-up day is coming soon. Make a supreme effort to get ready for it. Make Cameron clean, absolutely clean of filth, and keep it just so. Do not let anything that looks unsanitary escape you. It is your duty to yourself, your family, your neighbors, and your city.

Not only should everyone make it an individual duty to see that our city is cleaned up, but the city as a body should take charge through its officials and make it an absolute necessity, instead of a casual obligation, for everyone within the bounds to make his part of Cameron clean and keep it clean.

The editor of The Cameron Herald in his issues of Dec. 12 and 19 has some very bitter remarks to make concerning a certain stretch of road near Buckholts. This road is characterized as a disgrace to the county and especially to the citizenship contiguous thereto who will permit the road to remain in such condition. The Reporter does not doubt the Herald's statement as to this being the worst stretch of road in the county, but if it is, the only reason is because it is bottomless black land. We know of another stretch of four and one-half miles of Milam county "first-class" public road that is also a disgrace to the county and a shame on Cameron. It lies between Minerva and the George Banzhaf residence on the Cameron Rockdale road, and the only reason it is passable is because the soil has enough sand in it to keep it from being boggy. This stretch of road belongs to the Cameron good roads district, and the people along this road have been paying the special Cameron good roads tax for the past five years; they voted for the tax, being told that a graveled road would be built all the way to the beat line. The road was built to Minerva, and the people from there to Banzhaf's were then given to understand that if they wanted a graveled road they could build it or get Rockdale to build it for them. This stretch of road is so bad that it has been nick-named "no man's land." We repeat, it is a disgrace to Milam county and a shame on Cameron.—Rockdale Reporter.

Editor Cooke of The Rockdale Reporter takes occasion in his last week's issue to again express his disgust with the roads his township is compelled to endure. And we don't blame Brother Cooke either. The only reason the editor of The Herald does not like to go to Rockdale, is for the same reason that many other people do not like to go, namely: the bad roads. We like Rockdale and Rockdale folks, you bet your life we do, but we do not like Rockdale's roads and we do not blame Brother Cooke for not liking them either. We think, however, that Brother Cooke is a little harsh in his remarks when he repeats in his writeup that "the little strip of road in the Cameron precinct between Minerva and the Banzhaf place is a disgrace to Milam county and a shame on Cameron." The facts given by county officials regarding this unimproved strip of road are the same as the facts given for the unimproved strip on the end of practically every road in the Cameron precinct, that is, "the tax voted was insufficient to complete the road to the end of the road district." The building of each road was started in Cameron, as it should have been, and the money was used to build the road as far as it was possible. Possibly, however, in the instance of this road that disgraces Milam county, an exception should have been made, even though it would have been for the purpose of protecting and defending the fair name of Rockdale and place her within the bounds of civilization and this side of "no man's land." Or, possibly, the exception should have been made, in this instance, in order that at some time within the next generation, when Rockdale decides to build some good roads they would be connected with the metropolis of Middle South Texas—Cameron.

American Folk Music

On the Fourth of July, 1826, near Pittsburg, Pennsylvania, a great American composer was born—a fitting coincidence that the day giving him birth should be also the birthday of our great American nation.

This man's greatness lay in the simplicity of his heart, his emotions, his music, his understanding of human-nature, of the world in which he lived, loved, suffered and died—just as do all his fellow mortals. His melodies are simple, unpretentious as a wild rose—yet they have touched the very heart of a nation. And we, and you know he was the greatest composer of American folk-songs.

His name was Stephen Collins Foster; he wrote "Old Black Joe," "My Old Kentucky Home," "Swanee River," and others well loved, though not as well known.

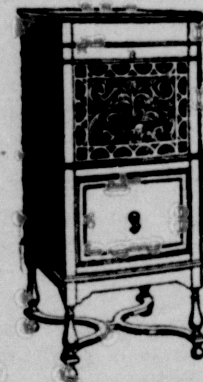

The magic of these old plantation songs, that you have known all your life, will be RE-CREATED for you in your own home if you own

The NEW EDISON

"The Photograph with a Soul"

The RE-CREATED voices of the world's greatest artists will sing them all for you, lulling your senses with their haunting cadences—the music of a master-humanitarian playing at will upon your own heart-strings.

Come to our store and ask us to RE-CREATE for you the songs of Stephen Collins Foster.

PHONE 22 "ONLY THE BEST" CAMERON, TEXAS

John Hopkins Davis.

Mr. John Hopkins Davis, son of Mr. and Mrs. Dan G. Davis of Sharp, departed this life the second day of January and was buried the following day.

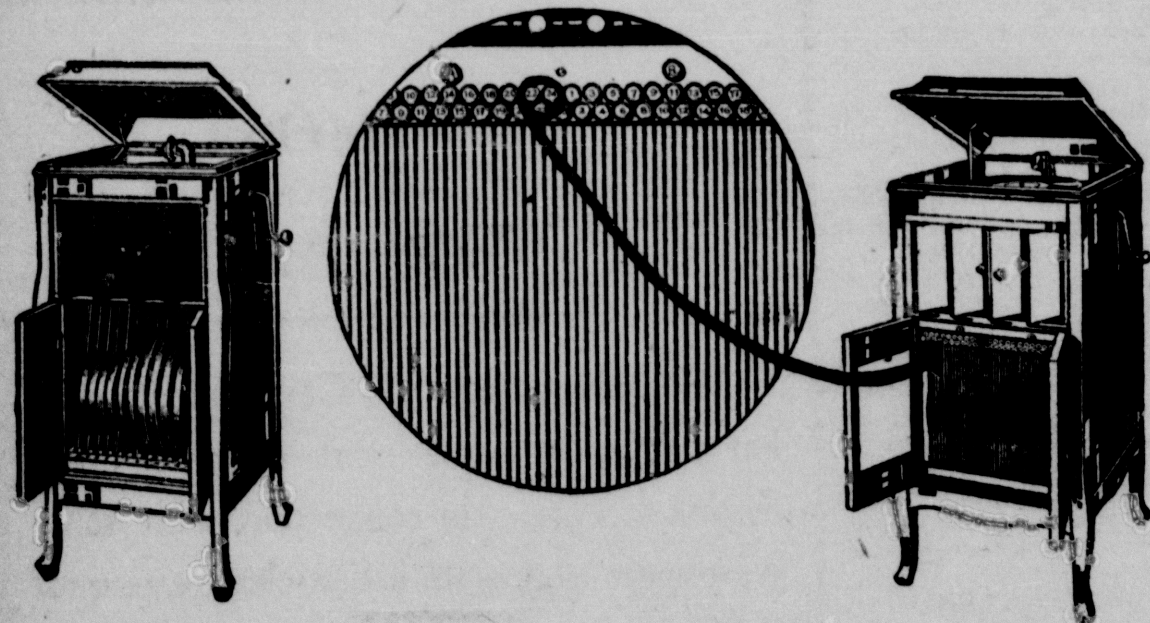

Seven months to a day, Mr. Davis' wife died, leaving him an infant son as the fruit of their short but happy union. Since the death of Mrs. Davis, John has not been able to throw off the feeling of responsibility and the keen grief caused by the going of his wife. It seemed that his heart followed her to the better land, and when he was taken sick, it appeared that he felt that this was his time to go. So much was he influenced by this feeling that he refused to take his medicine.

John Davis was a good man. He was held in high esteem by all his neighbors, as evidenced by the large attendance upon his funeral. He was

a christian. He and his wife were converted in the Ham meeting and afterwards became members of the Baptist church.

From a human point of view it looks like a great pity that a man and his wife should be taken in the very prime of life, but we are not able to understand the will and way of our heavenly Father. He had better plans for their lives, and therefore took them to Himself. The happy thought about it is that they were one in life, were almost one in death and are now one in eternity.

Mr. Davis is survived by his father, mother, two sisters and four brothers. Our sympathies go out to all the bereaved ones. "We commend them to God and to the word of His grace which is able to build them up and give them an inheritance among all them who are sanctified by faith in Christ Jesus." B. B. Blaylock.

Government Horses And Mules For Sale.

One hundred head of Government horses and mules will be sold at public auction in Cameron on Saturday, January 11. Sale will begin promptly at 10:00 o'clock, and will be conducted by Colonel Charles E. Waterman and Tobe Murray. All sales to the highest bidder for cash. Parties wanting horses or mules will do well to attend this sale. Liberty Bonds to amount of purchase will be accepted as cash.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILTONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

Planting Seed.

I have about 20 tons of seed that I have kept for planting which are from cotton raised from Storey Myrick Mcbane seed that were direct from Lockhart in 1917, and gin records show a lint per cent from them of from 35½ to 40-9-10 per cent. These seed were saved pure as we used every care in handling them at the gins, the rolls being run out each time before these seed were caught. I will sell these seed while they last at \$2.25 per bushel. R. L. Batte, Cameron, Texas. 32-3t

Smithville Headlight: A writer in a recent magazine article states that the per capita of money now in circulation in this country is a little over \$53; and then adds that if every man, woman and child in the land should each come in possession of \$20 and withhold or withdraw that money from circulation, it would paralyze every industry in the land. Isn't that a very unsafe sort of thing to do?

The woman's trade union League in Great Britain has over 50,000 members.

T. C. Houston, A Printer

(By Andrew McBeath, a Printer.)

Maybe one printer will not stand by for another one, and maybe he will, T. C. Houston, a printer is dead upon the fields of France. Temple Typographical Union, No. 688, says that his memory must be perpetuated in an appreciation from his brother printers. They said, when it came to writing, that I could write it and they would make it stand up whatever I said. So I said if I felt like it I would write it. I don't feel like it, but I will write it anyway. I don't like writing of the valor of a printer-soldier because I know, without knowing that his bravery was unbelievably greater than his strength and I suspect he would not have been dead had his strength been equal to his bravery—for you can't kill that kind of people, you know, you have to wait for them to die.

I choose not to drink of such a cup of anguish, but, since things are as they are, I will.

In speaking of this printer, T. C. Houston, I am reminded of the verse of a poet—who, beyond all peradventure, was a poet—who told of the coming of a little child to live in a home: "He came with the winds of dawn, when the rose red clouds were flying; in the glory of his coming, the old moon drifted dim. He went when the evening star outwatched day's quiet dying; its path across the sea made a white, straight road for him."

T. C. Houston is not known to the members of the printers union in Temple, though he is numbered with them, though his name is on their service flag, though they have been paying his union dues while he went to war, though it is to them his next of kin must come for information as to his death benefit and the completion of his record. He was working in an unorganized town when he secured membership by correspondence in this local printer's union. He never attended one of their meetings—which by the way, are models for attendance if there is an organization in Temple that does attend its meetings, it is that of the printers. He never came this way to meet the band of artists and critics to which he belonged, and thereby he was the loser as well as they. He did not come to visit them; he now can never come. Nevertheless, they choose to honor him. They know he never would have been attracted to them were he unworthy of them.

The printers are a patriotic bunch. If there ever was thought into the poison of which the kaiser might have been doubly damned to hell and back again perpetually it was in that atmosphere breathed by the printers when they set their caustic pots to boiling, the molten metal of their curse to brew. Had the strength of the printers been as strong as their maledictions there had been no printing while the war was on, for all would have been into the fight. T. C. Houston did not stand upon the order of his going, he went.

And now he is dead. The kaiser killed him. Curses on the kaiser forever. We will never forgive him.

We feel sure that the grave in France in which our comrade sleeps is tended by some kind old Frenchman or some beautiful mademoiselle who loves the Americans because they whipped the Germans and saved France. We feel sure his soul was purified in the fire of battle and that it went back clean to God who gave it down to earth in the first place and who welcomed it back again. And so believing we will not grieve—we will only hate the men who killed him and cheated us of the stories he

Nux-I-Tone

Spanish Influenza leaves the system in a seriously rundown and weakened condition; for a quick and complete recovery we recommend Nux-I-Tone.

This Tonic containing Iron and Nux Vomica in combination with Beef and Wine is recommended for convalescents, weak women, aged persons and delicate children. Of special benefit to persons who do not have sufficient iron in their blood, as indicated by paleness and anaemic conditions.

Nux-I-Tone is an excellent strengthening tonic in pale, weak and rundown conditions, increasing vitality. It is an agreeable and satisfactory tonic for run-down individuals who wish to regain their strength and for delicate children who need iron in their blood. Price One Dollar.

A Doctor's Gift to The World

A Remedy to Overcome Catarrh and Catarrhal Conditions was Dr. Hartman's Legacy to the World of Suffering.

The Doctor early recognized the insidious nature of catarrh and consecrated his life to checking the ravages of the worst of all health destroyers.

PERUNA

The Greatest of All Catarrh Remedies

Catarrh first attacks the mucous linings in the nose, throat, lungs, stomach, bowels or any other part of the body. Unchecked it finally breaks down the tissues and chronic ailments develop which, if not fatal, are always difficult to cure.

Guard your health with Peruna. Don't wait until too late. Peruna is excellent for coughs, colds, effects of the grip and all catarrhal inflammation and congestion of the mucous linings. Many startling recoveries have been recorded.

TOOK IT FOR CHRONIC BRONCHITIS.

"I was troubled for four or five years. A few doses of Peruna would always bring relief. In the Spring of 1914, I began taking Peruna in earnest and used twelve bottles and have not had an attack in two years. I feel better and can do more work than in ten years. Peruna also cured me of chronic Bronchitis and I recommend it as a splendid remedy."

MRS. O. F. McBRIDE.

Santa Fe, Ohio.

WRITE FOR THIS BOOK.

If sick and in doubt, write The Peruna Company, Dept. S 81, Columbus, Ohio, for Dr. Hartman's Health Book. It is free. Sent in a plain wrapper to any address. DO IT TODAY

HAD CATARRH IN WORST FORM.

"I had catarrh and was all run down. Many claimed it was consumption and I really thought so myself. I had a pain in my lungs and left side, no appetite, could not sleep, always weak and tired. My weight was 89 pounds.

I took fifteen bottles of Peruna and am entirely cured. I now weigh 135 pounds. Thanks to Peruna.

MRS. A. J. NETKOWS.

New Work For Teacher.

Our pupils should be as familiar with the exploits of Pershing and the gallant Sixty-ninth as they are with the adventures of Sir Galahad in the pursuit of the Grail. Unless due caution is exercised, children fully instructed in the minutiae of the Whiskey Rebellion, the War of 1812 of the Mexican War, may be totally ignorant of the underlying causes of the present world crisis. In a like manner, the geography work should be related to the living present. Europe and South Africa must be studied with a greater intensiveness than ever before. Our own country must be discussed in the light of present conditions rather than those presented in out of date texts. Pupils should know the locations of the cantonments, of the great shipbuilding centers, the nitrogen plants and the innumerable

industrial developments resulting from the war.

Pupils should be able to indicate how the physical features of the Western front have controlled the development of the campaigns. They should know the relative difficulties of campaigning in the lowlands of Flanders and the mountainous regions of the Vosges. They should be informed as to the geographical location and race history of the various peoples of Europe who are now entitled to self-determination.

Our science, also, will be of little value unless vitalized by a study of the innumerable applications of science to meet present-day needs. Every graduate of our elementary schools should be familiar with elementary facts relating to such matters as the flotation of ships, the construction of airplanes and the flight of projectiles. —Review of Reviews.

Ford

THE UNIVERSAL CAR

The Ford one-ton motor truck which we sell without body for \$550 f. o. b. Detroit, has proved during the past two years to be a most money-saving utility, both in towns and on the farm, because like the Ford it is surely reliable, easy to control and has very low cost for operation. Has the speed and flexibility to save time, and the strength and durability to save money. We can supply you with any kind of body desired. Come in and look it over.

Chambers-Hefley Motor Co.

Women's Activities

Over 95,000 women are employed in the factories of Osaka, Japan. Widows outnumber widowers in the United States by over three to one.

The National Woman's trade Union League at a recent meeting adopted a resolution demanding increase representation of woman on State and Federal labor bureaus.

The 500,000 Michigan women who won the right of unrestricted suffrage at the recent election are already planning to run a candidate for a major State office next spring.

Seventy five of the 225 telephone operators in Wichita Kan. quit work recently because the company refused to reinstate one of their number who had been discharged.

Women in England have helped in the making of every type of weapon of war from heavy artillery to rifles from huge shells to machine gun bullets and in the construction of airplanes.

The Syracuse (N. Y.) Council of Woman's Club recently suggested that all girls who work in public

in that city should wear uniforms and that stenographers wear less transparent waists.

Over 64 per cent of the women employed in Massachusetts hotels open throughout the year and 82.2 per cent of those employed in seasonable hotels receive at the rate of five dollars per week and three meals a day.

Cabbage stew is made with cabbage, onions and little bits of bacon and pepper.

While rising bread dough should always be carefully covered otherwise the surface will be hard.

HOW ROME BEHAVED WHEN GERMANY SURRENDERED

This photograph shows a scene in Rome when the news of the capitulation of the Germans was being celebrated.

U. S. S. OF 1919 VINTAGE ON THE MARKET

New Stamp is Smaller Than its Predecessor and Matures One Year Later, January 1, 1924.

The 1919 War Savings Stamps are with us. Every postoffice in Milam county already has placed them on sale and an active demand is reported.

The stamps arrived some days ago, but the certificate cards did not reach here until this week and were mailed out the day they arrived. The new \$5 stamp is smaller than the stamp of the 1918 issue, and accordingly the new certificate card is smaller and only requires one fold to make it convenient for carrying or mailing.

Assistant Postmaster Claude P. Mc-

Gregor says that the 1918 stamps should not be entered on the 1919 certificate card. In the first place, they do not fit, and, in the second place, they mature one year earlier and can not be carried on the same card with the 1919 issue. The 1918 War Savings Stamp reaches its full value of \$5 on January 1, 1923. The 1919 stamp will not mature until January 1, 1924.

The 1918 stamps are all being returned to the treasury department. The stamps on hand in the Cameron postoffice have all been returned and the banks are engaged in returning the supplies they have on hand. The 1918 series is no longer available for purchase.

Those who started purchases of Thrift Stamps—the 25 cent stamps—before the new year may continue to purchase and fill out their cards. When these cards are full they may be exchanged for 1919 stamps, paying the extra charge, which during the present month is 12 cents and an increase of 1 cent each month following during the year.

Installs Battery Machine.

J. J. Michalka, the Oakland agent in Cameron and the fellow who is always looking out for something to better his condition has installed this week in his place of business a complete battery charging outfit. Mr. Michalka announces that he is prepared to overhaul batteries, recharge them and do a general battery repair business. See his advertisement elsewhere in this issue.

WACO JUDGE DIES; INFLUENZA VICTIM

Judge George N. Denton, 47, judge of the Nineteenth District Court, McLennan County, died at 5:30 o'clock Wednesday morning at his home in this city. He was a victim of influenza followed by pneumonia.

He leaves a wife and four sons. Father and mother, two brothers and a sister also survive. They reside at West. The funeral will be held tomorrow.

BAPTISTS TO FLOAT LOYALTY LOAN ISSUE

Bonds Will be Sold for Benefit of Educational Institutions of Church.

February will be known as the "million dollar month" in the circles of the Baptist church in Texas, Dr. F. S. Groner, corresponding secretary of the executive board of the Baptist General Convention of Texas, has announced. During the month the "first Baptist loyalty loan" will be floated. The bonds are for the benefit of the Baptist schools in Texas. The schools include Baylor University, the medical and dental colleges at Dallas, the Southwestern Theological Seminary at Fort Worth and nine junior colleges located in various parts of the State.

To plan the campaign for the loan a committee of twenty-seven men has been appointed. This committee met this week in the offices of the Baptist convention in the Slaughter Building. The following men compose the committee: F. S. Groner, Dallas, manager of campaign; G. W. Truett, Dallas; J. B. Gambrell, Dallas; L. R. Scarborough, Fort Worth; T. V. Neal, Dallas; J. L. Cross, Dallas; M. H. Wolfe, Dallas; R. E. Burt, Houston; H. L. Kokernot, San Antonio; Forrest Smith, Fort Worth; I. E. Gates, Amarillo; J. W. Cochran, Livingston; S. P. Brooks, Waco; J. D. Sandifer, Abilene; J. C. Hardy, Belton; J. M. Dawson, Waco; E. C. Routh, Dallas; M. T. Anderson, Hillsboro; J. B. Cranfill, Dallas; T. C. Yantis, Brownwood; J. B. Leavell, Houston; S. H. Campbell, Tyler; A. E. Boothe, McKinney;

W. H. Fuqua, Amarillo, and J. L. Smith, Amarillo.

The State is being divided into twelve districts. Each district and each town within the district will have its quota. Each bond buyer will have an honor button and each town or church selling its quota will have a flag of honor. The campaign will be conducted very much on the plan that the Government sold Liberty Bonds.

The Session of the Presbyterian church has secured the services of Mrs. Tucker, as musical director for the church. She will begin her new work next Sunday.

Acknowledgment.

The editor of The Herald acknowledges the receipt of an invitation extended by the citizens of Austin through Mr. Charles Rogan, chairman of the invitation committee, to attend a reception and ball in honor of His Excellency, William P. Hobby, Governor of Texas, on Tuesday evening, January twenty-first, nineteen hundred and nineteen, at the State Capitol.

Buy yourself a home and make your last move. I can sell you an improved farm on easy pay plan, and give you possession for another year. Quick action on your part as the year is drawing to a close.

267 acres near Bryant Station about 5 miles Southwest of Buckholts. Can sell in 2 tracts of 160 acres and 107 respectively; public road divides tract, all good heavy black land, lies level and gently rolling. 225 acres in cultivation, 1 set of improvements. A portion of this tract is valley land. Can make you a price of \$50.00 on this if sold this week; possession given for 1919.

480 acres 9 miles South of Buckholts; known as the Dr. Chandler home place. 175 acres in cultivation, one extra good farm dwelling and 3 tenant houses, balance in grass and timber. 200 acres of this tract is valley and hammock land, plenty of water for stock. An ideal stock farm. Price \$32.50 per acre, on easy terms. Can give possession.

36 acres 3 miles East of Cameron on public road to Gause. All in cultivation. \$35,000 worth of improvements, just the home you want; live in town and have country ways. Let me show this to you. Price \$45.00 on easy terms.

80 acres near Hanover all extra good sandy land, 3 room house. 50 acres in cultivation; can give possession for \$2,000, on easy terms.

983 acres of sandy land near Gause, about 40 acres in cultivation, small house, plenty of water, joins the open range. Can sell for \$8.00 per acre. Can give possession for another year.

Have improved tracts in any size you desire. Come and see me or write me your wants.

J. J. MICHALKA

MACHINE SHOP BIG ASSET TO CAMERON

Michalka Brothers Operate Machinery Shop in Cameron That Few Towns Possess.

Did you know that Cameron has an establishment that can make a perfectly good car out of a complete wreck? It is so, for the Cameron Machine Shop has done that very thing. It claims to be in a position to handle all kinds of broken machinery and make it "good as new."

Probably few people in Cameron realize just how big a part the Cameron Machine Shop plays in all machinery enterprises in this city. Probably few people realize how fortunate this city is in having an establishment like this about the place. Very few towns the size of Cameron, according to the best information, have a machine department shop like the local one, consequently these are forced to undergo inconveniences and expense that are never confronted by Cameron inhabitants.

The Herald reporter happened in the above place just as a big cylinder head the size of an auto wheel was being welded together. By the use of its welding plant the machine shop made two huge broken pieces into the original one, the welder declaring upon the completion of his job, "It will not break there again for it is stronger where it is welded than anywhere else." The welding plant is claimed to be the biggest success of the machine works.

Machinery breakages, remodeling, work, rebuilding and similar tasks are brought here from all over the surrounding country. If the Cameron Machine Shop were not here many owners of gins, factories, mills, printing establishments, laundries, automobiles, farm implements and the like would be compelled to undergo big expense accounts to forward their damaged machines to factories and

machine works in distant places. The different garages go there to have constructive work done on cars that it is impossible for them to do.

Going into the machine shop one sees lathes of different sizes, pipe cutting devices, a big drill press, forges, all kinds of saws and tools, and machines of various kinds distributed over the entire building. A few days more will see a special cylinder boring outfit capable of boring cylinders of all sizes, announces Joe and Frank Michalka, owners and managers of this establishment. A good sign of the progress of our city.

Wiley Mangum and H. Stedman of Cameron are visitors in Waco today. They will return to Cameron tonight.

LIFE IN CAMPS BIG STIMULUS TO SPORT

A bright prospect for amateur sport was forecast in New York Saturday by Frederick W. Rubien, secretary-treasurer of the A. A. U., in his annual statement regarding sports.

"Amateur athletics—track and field, wrestling, basket ball, gymnastics and swimming are due for a big boom," said Rubien.

"I feel confident that these sports will be practiced more during the coming season than ever before, due chiefly to the great benefit derived by nearly 3,000,000 young men during the past 18 months in the training camps here and overseas. Young men who considered these sports too strenuous are now shouting their praises and will not lose their interest in them.

"There is talk of Olympic games and international competitions in amateur boxing, wrestling and swimming and the list of national and local competitions also plans far exceed that of former years."

County Judge W. G. Gillis went to Dallas yesterday afternoon on business pertaining to the Liberty Loan work in which he has been so successful. His trip was in answer to a call from the Federal Reserve Bank of the Eleventh District.

Joseph W. Fordney of Michigan, a veteran legislator, will be the new chairman of the ways and means committee of the house after March 4. He was schooled in hard knocks as a youngster, having learned the lumber business from the bottom.

From 10 to 35 Per Cent Discount On All TIRES TUBES ACCESSORIES

Expecting an advance in prices, we ordered rather heavily and now have these shipments on the road and wishing to introduce our standard makes of Tires, Tubes and Accessories, we have decided to put on this sale whereby we sell tires and tubes at practically wholesale prices and other items at less than present wholesale prices, saving you from \$1.50 to \$5.00 on a single tire.

We have no old stocks that we want to get rid of, as we have many tires still on the road and others just coming in. Everything is sold under guarantee to give proper service. We make our own adjustments on Firestone Tires and just here let us call your attention to the difference between molded or machine made tires and hand made or wrapped tread tires. Firestone has made them both ways for about 2 years ago Firestone also tried the molded tire and after several attempts at improvement, took it off the market and went back to the old reliable and well known Firestone Hand Made Tire, known as "Most Miles Per Dollar" tires. But they took care of every tire that did not give proper service to our customers, no matter whether bought from us or coming as equipment on a new car. We have made good in every case that was presented to us for adjustment and if there are still any of these tires out, that are not giving the service they should, we ask that you bring them in and we guarantee you that we will replace with Hand Made Firestone ONLY, as we have had nothing else in the house for a year, and don't want a better tire or a fairer concern to do business with, for we have not had a single tire sent in for adjustment, either turned down or modified, but all were approved as sent in by us; that is why we can make our adjustments right here, without waiting or dickering.

Reason of our experience in repairing all makes of tires, we are in position to know a good tire from a bad tire, or a defective tire from a perfect tire and it costs us nothing to give you a fair adjustment when entitled to it. Try one or more of these tires at these prices that cannot be continued for long and for value cannot be equalled anywhere.

A FEW OF THE PRICES

30x3 Firestone Hand Made Tires.....	\$14.00
30x3½ Firestone Hand Made Tires.....	\$17.75
(Other sizes and types in proportion)	
30x3 Red Inner Tubes.....	\$3.00

AMERICANS FIRST TO BREAK HINDENBURG LINE

Americans troops were the first to break the Hindenburg line, according to the Daily News of London, in its comment on the report of Field Marshal Sir Douglas Haig on the operations from the end of April last to the close of hostilities. The News points out that at least the first mention of a break through contained in the field marshal's report, was in the course of his description of the day's work on September 29, in which he wrote:

"North of Bellenglise, the 30th American Division, Major General E. M. Lewis, having broken through the deep defenses of the Hindenburg line, stormed Bellincourt and seized Nouroy. On their left the 27th American Division, Major General O'Ryan, met with very heavy enfilading machine gun fire, but pressed on with great gallantry as far as Jouy, where a bitter struggle took place for possession

of the village. The fighting on the whole front of the 2nd American corps was severe, and in Bellincourt, Nouroy, Gilemont Farm and a number of other points, amid the intricate defenses of the Hindenburg line, strong bodies of the enemy held out with great obstinacy for many hours.

"These points of resistance were gradually overcome, either by the support troops of the American divisions of by the 5th and 3rd Australian divisions."

The many friends of J. D. Hefley, Sr., are delighted to have his smiling countenance back on the streets of Cameron. Mr. Hefley had a bad siege of sickness which included two serious operations at the Temple Sanatorium but has pulled through and his ever smiling face is growing brighter each day that comes, he is again a well man and his friends in Cameron and Milam county rejoice with him over this fact.

Boy Scouts to Plant Trees.

In order to give permanent expression to "all Colonel Roosevelt stood for to the boys of the nation," sixteen thousand troops of the Boy Scouts of America, comprising 440,000 members, were instructed Wednesday to plant one or more trees with suitable inscription and ceremony in memory of the former president, the national council of the organization said in a telegram of condolence sent to Mrs. Roosevelt at Oyster Bay.

Mr. Knox Edward Tidwell and Miss Allie May Hill of Gause were married last night at the Baptist parsonage, Rev. B. B. Blaylock officiating. The happy couple will make their home in Gause.

David McKee of Waco was transacting business in Cameron Wednesday.

The Early Irish Potato Crop—Price Prospects.

A number of our subscribers are asking my opinion about the prospect for the early crop of Irish potatoes next spring. While it is yet too early to hazard a prediction, it does now look as though the early crop from the South should bring a fair price in the spring. At present the price of Irish potatoes is too low for profit. As I do not grow the late crop for lack of room, I buy my winter sup-

ply and have put the potatoes in at \$1.20 a bushel. Under present conditions there is not much for the grower at this price. It is true that the grocers are selling them in small quantities for a great deal more, but mine were bought direct from the field and represented all that the grower could get for his crop. But I note that the Department of Agriculture is urging consumers to put in their winter supply of potatoes now, evidently concluding that the price will be higher. There was a smaller area planted in

the North this year and the crop is not heavy, and the chances are that the market will be pretty clear of old potatoes in the spring, and the Southern crop should sell well. I will watch all changes, and if the prospect changes will say on this page.—Progressive Farmer.

The Quinine That Does Not Affect The Head
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness or ringing in head. Remember the full name and look for the signature of E. W. GROVE. 25c.

Planting Seed and Feed For 1919

In addition to our stock of Plantation Supplies of Groceries, Clothes, Shoes, etc; we have added a line of planting seed of good varieties such as are required in this section. Being on the railroad and having our own switch we do not have to pay drayage and up-town rents, and we give the farmers the advantage of this saving.

We have now ready for sale about 2000 bushels of choice Feterita, Maize and Sorghum seed which we are offering at \$4.50 in hundred pound lots. We also have bought 5000 bales of clean bright oat straw, which was never rained on after being cut, which we offer at \$20.00 per ton. Also feeding and planting oats, corn and etc. In fact it will be our intention to furnish the farmers with whatever supplies he requires, both for his own and his renter's use, and we ask that you see our stuff and get our prices before you buy.

Training Little Children

"Come Let Us Live With Our Children"—To Live With the Children Means to be Interested in Them and Play With Them, to be Honest With Them, and to Have Faith in Them.

Suggestions by mothers who have been kindergartners. Issued by the United States Bureau of Education, Washington, D. C., and the National Kindergarten Association, 8 West Fortieth Street, New York.

(By Mrs. Ethel G. Young.)

I am a mother of three children; Betty, aged six; Bob, four, and Jack, who is two. Up to the time Betty was four years old she had always been a very nervous child and needed constant entertaining. I hesitated to send her to kindergarten, but after reasoning with myself, I finally decided to send her. The concentration required in the two years she spent in kindergarten made a different child of her, and she can amuse herself now for many hours at a time.

Bob entered kindergarten about three months ago. He is a quiet child and needs to be brought out of himself. He seems to be getting needed help in the kindergarten, for, in the short while he has been there, he has become more talkative and active. He now enjoys being with other children whereas before he preferred to play alone.

There is nothing more necessary in bringing up children than to have them feel that we are interested in them. Try always to answer their questions. If you cannot satisfy their curiosity, they will surely go elsewhere for their information. When the children come home from school, I ask what they did, what song they sang, what pictures they looked at, etc. They live the two or three hours spent in kindergarten over again by telling me what they have done. I had to leave the children for a week not long ago. When I returned they could not talk fast enough to tell me all that had happened. The habit thus formed of caring to share their experiences with you is a great safeguard as they grow older.

A story at bedtime is always welcomed by the children, and I find that it is not only enjoyable and beneficial to them, but also to myself. They never tire of good fairy stories. Nature stories are always interesting too. My children will choose the same stories over and over again until they almost know them by heart.

Several nights ago I was called away and could not read a story, so I promised one for after breakfast next morning. When breakfast was over and I thought of all I had to do, it seemed as if I were wasting time to sit and tell stories. However, as the children became absorbed in the story and their happy faces looked up into mine, I realized that time could not be better spent. The story was that of Hans and the Four Big Giants, the keynote of which is helping others. I knew that the children had absorbed the point of the story when they helped me afterward to clear the breakfast table.

The kindergarten is a great help in making children independent. Each child is taught gradually and in a playful way, to help himself. In a class of forty, John does not like to be the only one who cannot put on his rubbers or button his coat. Perhaps you will say you can teach independence at home. Granted, you can. The trouble at home is that we too often do too many things for our children. At home, too, we lack the group work so beneficial in the kindergarten. It develops the social side of a child as well as his ability to be of service.

Orderliness is another aim of the kindergarten. It should also be the aim of every household. In kindergarten all the material is kept in order. It is given out and collected in an orderly way and each child is taught to pack up his material after he has finished with it. There is always a place for everything in the kindergarten, and the child learns to put everything in its place.

If your child is not orderly at home, do not blame him until you first put yourself in his place and see if you are expecting the impossible. We have discovered in our family that by making things convenient, the children will keep things in order. In our coat closet we have a box for rubbers and another for toys. We have put within reach two hooks for each child's clothing. On the door there is a bag of several pockets for gloves. Even the two year old boy puts his things away and I have never taught him to do so. He learned by observing the others. Just the other night he cried while I was undressing him because he remembered he had not put his train away. Let each child have a separate place for his toys for

they so enjoy being owners. If one is neat and another careless, it would be very discouraging for both to keep their things together.

Not so long ago I spent a most enjoyable afternoon coasting with the children. A neighbor who saw me said: "You surely are a child with your children." She unconsciously paid me a compliment. If I can only make my children feel that I am interested in everything they do, I am certain I will have and keep their confidence.

Please pass this article on to a friend and thus help Uncle Sam reach all the mothers of the country.

Make Thousands of Dollars, Get Ahead of the Other Fellow by Picking Scraps of Time From the Waste Basket.

Abraham Lincoln would split rails all day in the forest and then after his day's work, would walk five miles to borrow a book to study and improve himself. It is said that George Washington, in answer to a question of his mother as to why he studied so late at night, replied that he was working out the destiny of his country, and he did.

There are hundreds of young people today who are desirous of gaining a practical education, but, for one reason or another, they cannot leave home to secure it, so they drag along from one year to the next in the same old rut. There are hundreds of others who cannot attend our school in person but who are availing themselves of the opportunity offered by our college, saving their leisure moments and investing them in an education that will mean thousands of dollars to them in the coming years.

You may say that you're not able to take a course, but the person who can least afford it is the one who needs it most, who should get it by all means at any sacrifice; it does not cost much.

Young friend take advantage of your opportunity to gain a business education, use the moments that would otherwise be wasted. Spend an hour after nightfall in the long winter evenings qualifying yourself with a knowledge of the famous Byrne Shorthand, Practical Bookkeeping, Typewriting, Arithmetic, Grammar, Writing, Salesmanship, and business efficiency, Advertising and Telegraphy by which you will make the business world readily pay cash for your services.

Farewell Party.

On Friday afternoon Misses Ada and Winnie Henderson entertained in compliment to Miss Mary Lake Henderson. The club associates of the honoree were the guests on this occasion.

The delightful hospitality of the hostesses almost overcame the remembrance that this was the farewell party to Miss Mary Lake before she started on her Y. M. C. A. work and a thoroughly good time was enjoyed.

An interesting game and an equally interesting contest gave diversion in the early part of the afternoon.

The guests were then invited into the dining room where the table, artistically embellished with red carnations, was presided over by Misses Harriet and Agnes Henderson. The hostesses, assisted by Mesdames T. J. Denson, Wm. Henderson and Ben Atkinson, served a delightful salad course of refreshment followed by marshmallow dainty and fruit cake.

Mrs. W. O. Triggs, in her usual pleasing manner, then took charge and, as toastmistress, introduced the following toasts:

Miss Beth Jeter, "Bon Voyage," Miss Minnie Wolf, "Overthere," Mrs. Roy Baskin, "The Y Girls" and Miss Mary Lake Henderson, "Over Here."

Each guest, before her leavetaking, was asked to inscribe a recipe in a daintily decorated book provided for the purpose. This book was presented to the honor guest with the request that she try out the contents on the boys "Overthere"—fortunate boys!

The guests also left steamer letters to be read by Miss Mary Lake on her trip across. A Guest.

Dinner For Miss Henderson.

Miss Mary Lake Henderson's departure for overseas service with the Y. M. C. A. was the occasion of several social events last week. The first of these delightful affairs was a four course dinner given at the Auditorium Hotel New Year's evening by the girl and young women friends of Miss Henderson.

The table was lovely in its red and green decorations. Crystal candlesticks with red shades were placed at each corner of the table. The center piece harmonized with the season and the weather with its red bells, poinsettias, evergreen and snow balls.

Dainty cards in New Year designs marked the places of the guests. Conversation, laughter and violin music made the evening lively. The honoree was presented with a corsage bouquet of poinsettias.

The hostesses of the evening were: Mesdames J. C. Martin, Roy Baskin, S. M. Burns, Jr., Stanley Boles W. O. Triggs and Misses Beth Jeter, Vance Hardy, Clara Thomas, Minnie Wolf, Sallie Kate McLane, Winnie Henderson and Alice and Olive McGhee.

Honoring Miss Henderson.

Mrs. S. M. Burns, Jr., honored Miss Mary Lake Henderson with a tea on last Thursday afternoon. The guests who enjoyed this hospitality were the young married women and girl friends of Miss Henderson.

Mrs. Burns' lovely little home was prettily decorated in pink and green. These chosen colors found expression in cut flowers and ferns which were used throughout the house and in the favors for the guests.

The guests were met at the door by Miss Winnie Henderson. Mrs. Burns and Miss Mary Lake Henderson formed the receiving line. In the dining room Misses Beth Jeter and Vance Hardy poured tea and coffee, while Mesdames Roy Baskin and Stanley Boles and Misses Harriet and Agnes Henderson served the salad course to the guests.

A delightful afternoon was spent. A congenial crowd, big roaring fires and such surroundings were conducive to good cheer. The members of the house party added to the loveliness of the scene in their dainty colored evening dresses.

Mrs. Denson Entertains.

Thursday morning Mrs. T. J. Denson entertained with a breakfast, naming Miss Mary Lake Henderson as honoree.

The guests of the occasion were Mrs. W. O. Triggs, Misses Mary Lake and Winnie Henderson, who with Mrs. Denson attended the Democratic State Convention in Waco last September. In order to recall the happy day spent there, the hostess conceived the idea of giving this farewell breakfast to the one of the party who was leaving for overseas work.

Red and green were the favored colors and these were found in the table decorations. Poinsettias formed the center piece. A dainty and delicious four course breakfast was served while reminiscences, jokes and mirth made the morning gay.

Clothes must be evenly sprinkled if they are to iron well.

All shelled beans may be cooked the same as lima beans.

The sword is sheathed. The laws of God and the justice of popular government have been vindicated.

Victory for the cause of righteousness has broken shackles, the sources of which has made free men shudder for centuries.

Universal sadness gives way to universal gladness, the dawn of a brighter day is beautiful to behold, "Peace on Earth, Good Will Toward Men" now has greater significance.

Let bells ring out the glad tidings of civilization's triumph over forces of medievalism.

With your mind released from constant thoughts of human suffering, may the blessing of peace contribute generously to your prosperity throughout the New Year.

Mother's Club.

The Mother's Club met in regular session in the school auditorium on Wednesday afternoon, January 8th. The meeting was called to order by the president, Mrs. R. P. Jeter, after which the "Dixie Girls" sang two pleasing selections. The expenditures of the club charity funds it was reported had been directed by Mrs. J. G. Vest.

Mr. Kidd then told the ladies of the need of a new piano for the High School, and a Edison or a Victrola for the grades. After a discussion of this need the club voted to pledge \$150.00 of the amount needed and to raise the entire amount before January 1, 1920.

Mrs. Roy Baskin read a very inter-

esting paper on "The Practical Value of Humane Education." Miss Olive McGhee talked entertainingly on "Why Children Like Animals."

The club voted to have an open meeting on the first Thursday evening in February. Mesdames Jim Meyers joined the club.

Grape jelly can be melted and diluted to make grape juice.

Cuts a V-Shaped Ditch Builds Farm Terraces

YOU will never begin to get the most possible profit out of your land until you solve the ditching and soil-washing problems. Begin now. This month. Get ready to raise really big crops and make sure of a crop every year.

THE Martin
Patented

Farm Ditcher, Terracer and Road Grader

The best tool in the world for building terraces to stop the washing away of top soil on hillside and rolling farms, the best for cutting new ditches, back-filling after tilling, cleaning out old ditches, filling gullies, leveling bumps and grading roads. The most important tool ever brought onto the farm. Was needed before the plow.

Does Work of 100 Men. The Martin is made of steel and chisel wear out. Will work anywhere and throw dirt either way. Adjustable and reversible.

A 10 Days' Trial at Our Risk

SPECIAL NOTICE TO SUBSCRIBERS

By an order issued by the War Industries Board last September we are not allowed to send you The Cameron Herald unless your subscription is paid in advance. We call your attention to the little yellow strip on the front page of your paper and if same reads anything prior to 1-19, your paper will be discontinued after this issue, or if you find this paragraph marked with a blue pencil it signifies the same thing unless you date reads 1-19. In the latter case we will send the paper until February 1st when same will be discontinued.

THE CAMERON HERALD.
